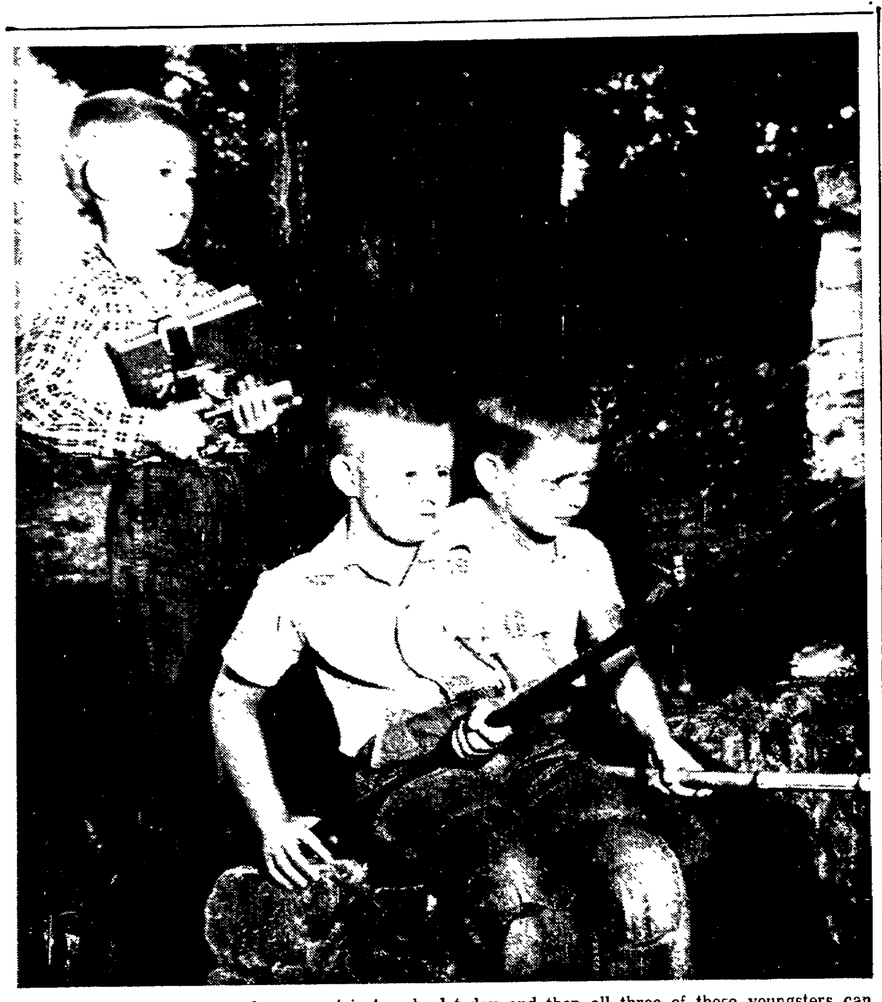
TORNADO KILLS 29 IN WISCONSIN



SHADES OF SUMMER. One more trip to school today and then all three of these youngsters can forget about books for a while and concentrate on "hook, line and sinker." John Cornelius, 8, son of Mrs. Dorothy Cornelius of 111 Superior St., watches wistfully with his books as Raymond Garver, 9, (center) and brother Paul, 7, sons of Mr. and Mrs. Richard Garver of 330 Carner Ave., try a bit of angling before all three go off to school to receive report cards. It may be a good thing school is to be out shortly. The mercury hit a new high for the year Wednesday, nudging 88 before falling to the overnight low of 61. At noon it was back to 86, with a high of 90 expected. Classes will continue at St. Mary elementary and Marion Catholic High School until June 13.

4-County Area Toll of Injured To Exceed 100

MENOMONIE, Wis. (AP)—A deadly tornado cracked like a bullwhip across northwestern Wisconsin Wednesday night, leaving a mounting toll of at least 29 dead and more than 100 injured.

The vicious twister unleashed its full fury on the small town of Colfax.

Houses were smashed, trees splintered and stone buildings pulverized as the cruel storm, carrying torrents of rain, skirted the edge of the Colfax business district.

Bodies of 11 persons were recovered from the debris there, Another 35 residents of the community of 1,000 were hurt.

Sweeping out of the northwest, the tornado spun across four counties before blowing itself out southeast of Eau Claire.

Rural areas near Menomonie and Chippewa Falls were hard hit.

The funnel carried such force it not only blew houses and barns down, but strewed boards, plumbing fixtures and furniture indiscriminately.

A northside residential district in Colfax was all but wiped out. Some newly built homes were reduced to piles of debris atop their foundations. Others were just blown away.

Automobiles, twisted into grotesque shapes, were tossed like toys.

Power Knocked Out

Communications and power was knocked out in Colfax, forcing rescuers to make farm-by-farm visits to check for casualties and damage.

After its destructive northside touch-down in Colfax, the twister skipped the business district to maul homes on the community's southside.

One relief worker said "just 10 minutes is all it took." The blowing rain that accompanied the blow came down the street like a wave, she said.

Gov. Vernon Thomson ordered three companies of National Guardsmen to duty in the storm area for rescue and rehabilitation work.

Many Caught Unaware

Striking just after the supper hour, the twister caught many families unaware as their houses were flattened about them.

Communications and power lines were torn out and extent of the catastrophe was slow in becoming known. Officials used a makeshift network of police, sheriffs' and civil defense radios to marshal doctors and nurses at hospitals in the area.

They also summoned ambulances and made appeals for station wagons and covered trucks to carry the injured to hospitals.

The funnel tore into Wisconsin at Woodville, just east of the St. Croix River, and caused destruction as far as Ludington, in Eau Claire County 80 miles to the east. It covered parts of St. Croix, Dunn, Eau Claire and Chippewa counties.

With electricity out, rescue parties used hand torches and headlights to probe the tangled wreckage for victims. Hospitals over the area were crammed with the injured, some reported critically hurt.

Nine identified dead and the body of an unidentified woman were taken from the ruins at Colfax, where police radio reports said half the buildings of that community of about 1,000 were smashed. Injuries also were reported heavy at Cedar Falls, another Dunn County community near here.

Three more were killed near Chippewa Falls, four died in this ferritory, two at Knapp and one near Wilson in St. Croix County.

"We felt the suction," said Mel-

Court Action Will Hold Up SUB Finding

Test Cases Accepted For Full Review by Ohio High Tribunal

COLUMBUS, Ohio (AP)—Months of delay appeared likely today before a final decision on the hot, recession-fed issue of whether supplemental unemployment benefits (SUB) and state jobless compensation may be paid at the same time.

The Ohio Supreme Court has decided to give two SUB test cases a full review. That action possibly could postpone a decision until late in the fall.

The high court admitted two Mahoning County cases for review late Wednesday. If normal procedure is followed, opposing attorneys could demand and get as much as 90 days for filing briefs and other proceedings. Hearings would follow and the court might then deliberate several months before announcing its decision.

At its discretion, the Supreme Court could shorten the time permitted for filing briefs. But attorneys for intervening parties in the SUB cases have said they will demand the full time normally allotted.

John W. Hardwick is the assistant attorney general who argued the cases in Mahoning County courts in behalf of James R. Tichenor, administrator of the Bureau of Unemployment Compensation (BUC). Hardwick told newsmen he will refile his original briefs with the Supreme Court in an effort to speed up the cases.

Chief Justice Carl V. Weygandt told newsmen the court will not initiate any move to speed up the cases. It will be up to the attorneys involved, he added.

Reject Moslem Integration

Rebel Leaders Hit De Gaulle's Policy

CONSTANTINE, Algeria (AP)—Premier de Gaulle flew to eastern Algeria today for another enthusiastic welcome. Elsewhere, spokesmen for the nationalist Moslem rebels rejected his program to make them first-class Frenchmen.

Many Moslems were among the thousands who lined De Gaulle's route from the airport into Constantine, the mountainous, rebellion-backed eastern sector's chief city.

No Halt to Rebellion

Nationalist sources in neighboring Tunisia said there will be no halting of the 3½-year-old rebellion.

In Cairo, spokesmen for the Algerian National Liberation Front (FLN) said they could not accept De Gaulle's program for integrating Algeria's European and Moslem populations with equal rights and equal votes. The FLN has spearheaded the revolt. It demands independence as the price of peace.

Constantine was the second stop on De Gaulle's three-day Algerian tour to establish his government's authority over insurgent French colonists and military leaders and to launch a new drive to end the 43-month-old nationalist rebellion.

Cheered in Constantine

The massed thousands in Constantine cheered as De Gaulle declared from a flag-decked balcony, "All men here have the same rights—the same duties." The brief address was essentially the same as the one he delivered to a cheering throng of about 100,000 in Algiers Wednesday night. night.

De Gaulle spoke only in generalities that left Algerians in the dark on details of his plans for ending the 43-month rebellion. But there was no doubt the general captured and fired the imagination of Algiers residents more than anyone had done in a long time.

Open to Reconciliation

"I open the door to reconciliation," De Gaulle proclaimed in offering a program designed to win back rebels whom he praised as courageous. This was the program:

Within three months the nine million Arab and Berber Moslem Algerians and the 1½ million Algerians of French descent will join with 45 million residents of France in voting on the constitutional reforms he is pledged to draw up.

At some future date all Algerians will ballot on a single voting list for "representatives to the public administration."

"Ways must be opened which until now have been closed to many," he declared. "That means that the means of livelihood must be given to those who have not had it. That means that dignity must be granted to those whose dignity was contested. That means that the motherland must be assured to those who doubted they had one."

But there was no suggestion of

House Kills Eisenhower Army Slash

Proposed Manpower Cut Turned Down by 224-158 in Roll Call

WASHINGTON (AP)—By a roll call vote of 224-158, the House today rejected President Eisenhower's plan to cut the Army's strength to 870,000 men during the next 12 months. It then passed a $38,409,561,000 defense appropriation bill.

The roll call vote nailed into the measure an amendment to finance a 900,000-man Army during the year starting July 1 at an additional cost of 99 million dollars.

Passage of the bill was by voice vote which sent it on to the Senate.

Today's vote on the issue of the Army's size upheld a tentative decision made Wednesday without a roll call. This question was the only controversy in the bill.

The group favoring a big Army won an initial victory when an amendment carrying the 99 millions was approved tentatively by a 108-79 vote.

The added funds are intended to maintain Army strength at 900,000 men during the next 12 months instead of the 870,000 recommended by Eisenhower and the House Appropriations Committee.

Innovation in Education

Schools To Offer Brushup Course

Plans for a precollege English orientation program to be initiated here this summer for any interested college-bound students in the city school district were announced today by Supt. Robert S. Brown.

The program, offering study in improving reading comprehension, reading speed, theme and term paper writing, vocabulary development, spelling and grammar, will be offered from Aug. 4 to Aug. 28 at Harding High School.

—:—

MR. BROWN said the course will meet for two hours each night, Monday through Thursday, beginning at 7:30 p.m. during the instruction period.

Registrations will be accepted July 30, 31 and Aug. 1 at the School Administration Building. Mrs. Patricia Romano will act as registrar, the superintendent noted. Fee for enrolling in the optional course is $2.

Mr. Brown explained, however, that there may be an additional charge for one of three textbooks needed in the course.

Two class sections of the program currently are planned. The two instructors have not been named yet, Mr. Brown said. He noted that a high enrollment among graduates from Harding and Marion Catholic high schools is anticipated.

Among equipment which will be used in the program is a controlled reader machine, purchased recently by the Adult Education Department. Its purpose is to train the eye to develop correct reading techniques, thus improving reading comprehension and speed.

—:—

COMMENTING on the precollege program this morning, Mr. Brown said he knows of no other school system that is making this kind of an effort to orientate seniors to college level English work.

Preliminary planning for the program included sending questionnaires to all Ohio colleges and universities requesting information concerning the areas in which freshman college students most lacked preparation.

Mr. Brown said the areas of course study here have been adapted to meet the needs most stressed by the institutions polled.

To sample interest in such a program, the superintendent said students at Harding were queried about a month ago concerning enrollment interest. At that time, he explained, a large percentage of graduating seniors who plan to attend college in the fall showed an inclination to register for the course.

Auto-Tractor Collision Kills Bucyrus Man

BUCYRUS—Emery R. Cole, 50, of 859 S. Spring St., died in Mansfield General Hospital at 10:05 p.m. Wednesday, where he was taken following a highway mishap on U. S. Rt. 30-N about three miles west of Mansfield.

Mr. Cole, according to highway patrolmen from the Mansfield post, who investigated the accident, suffered a crush chest when the car he was driving collided with a farm tractor operated by Carl E. Fulmer, 13, of near Mansfield.

The Fulmer boy is in the Mansfield hospital being treated for possible fractures of the skull and right arm.

Emery Rush Cole was born Oct. 4, 1907, in Bucyrus Township, a son of Harmon A. and Elizabeth Cole. His mother, now Mrs. John Shafer, survives, and resides in Bucyrus.

Mr. Cole was married April 5, 1931, to the former Melvina Pinyard, who survives with two brothers, Cloyd of Chatfield, and Lewis A. of Bucyrus, and two sisters, Mrs. Kenneth Wilson of Martel, and Mrs. Homer Rutter of Bucyrus.

A member of the Bucyrus Eagles Lodge, Mr. Cole was employed as a supervisor in the hose division of the Swan Rubber Co. plant in Bucyrus.

Funeral services are planned for 2 p.m. Saturday in Bucyrus' Lutz Funeral Home, with the Rev. Hillis McKenzie, pastor of the Presbyterian Church, officiating. Interment will be in Oakwood Cemetery. Friends may call at the funeral home Friday night.

Mayor To Give Marion Traffic Report to State

Mayor Wendell L. Strong plans to deliver a copy of the printed version of Marion's arterial traffic plan to the state department of highways Friday for approval of form and content.

At its May 26 meeting, City Council adopted legislation to send the plan prepared by Browne, Roberts and Associates to the highway department by a vote of 8-0.

The mayor delayed signing the resolution until last Thursday and has since taken no further action on it other than to have a certified copy prepared for transmission to the department of highways.

At the May 26 council meeting, City Solicitor Riley Hall said he planned to prepare a letter to send to the highway department along with the printed copy of the highway plan and the copy of the resolution.

In his letter Mr. Hall planned to inform highway department officials that the city is in the process of closing out the contract with the consulting engineers for the highway plan.

City Says Oil Enters Sewer In Joint Cracks

A large quantity of an oily substance entering the W. Center St. sanitary trunk sewer appears to be seeping through cracks in sewer joints in a section 300 feet long between Fies Ave. and Cuyuga St.

This was the report to Safety-Service Director Howard W. Travis by city engineers and sewer crews after they blocked off the sewer for more than two hours this morning to give it a thorough inspection.

Mr. Travis said the finding was that the inflammable liquid is oozing through the sewer joints and appears to surge at various times.

The source of the liquid and its exact nature is not known, he said. It has been flowing through the sewer since early last week and estimates are that some 7,000 to 8,000 gallons now have been discharged through the sewage treatment plant.

A private testing laboratory in Columbus still has not completed its analysis of the nature of the liquid except to say that it has a boiling point of 30 degrees Centigrade or about 86 degrees Fahrenheit.

Mr. Travis said an additional sample, obtained at the treatment plant, was to be sent to the laboratory today.

Plans also are to drill some test holes along the north side of W. Center St. in an attempt to discover the source of the substance, he said.

House To Extend Present Tax Level

WASHINGTON (AP)—A reluctant House was ready to vote today to continue business taxes at present levels for another year.

Many House members would like to cut personal income levies and other taxes this election year. But congressional leaders and the Eisenhower administration are teaming to hold the line in the face of anticipated big budget deficits this year and next.

The only other tax proposal due to come before the House would provide relief for small business firms. This, however, would be largely in the form of administrative relief, with no anticipated change in tax rates.

Delays Good Will Trip

WASHINGTON (AP)—Dr. Milton S. Eisenhower is delaying a planned good will tour of six Central American nations for the stated reason that it has not been possible to work out convenient dates for visits to all the countries.

Awards Program Held

Leading Students Cited At Catholic High School

Marion Catholic High School graduating seniors were recognized and presented awards during the class night program held Wednesday at the new high school.

More than 250 persons attended the event in which the 49 seniors participated. Making presentations of most awards and delivering an informal talk on citizenship responsibilities after graduation was the Very Rev. William J. Spickerman, head of the school and pastor of St. Mary Church.

The Knights of Columbus annual $500 college scholarship went to William Ring. Selection was made on the basis of scholarship, personality, character and need.

Robert A. Kelly, representative of the local Knights of Columbus council, who made the group's presentations, also awarded a $50 bond to the senior boy and girl with the highest scholastic average during high school. They were Susan Buday and Stephen Smith. Miss Buday also received the school's scholarship medal.

The Rev. Fr. Spickerman presented a four-year partial expense scholarship to Patricia Bintz. The stipend was designated for use at Mount St. Joseph College.

Cited for having the highest grades in the class during high school were: Marie Arcuri, Gregory Axe, Miss Bintz, Rita Bray, Miss Buday, Florence Campton, Kathleen O'Connor, Penelope Powers, William Ring, John Simonis, Judith Slauson, Stephen Smith, Judith Stephenson, Rita Terry and Rose Marie Wolf.

Second honors went to Gerald Benson, David Kelly, Kathryn LaVenia, Thomas Moloney, Judy

Lima Infant Is Killed As Crib Catches Fire

LIMA, Ohio (AP)—Three-month-old James Clifton Judy, snatched from his flaming crib Wednesday night by his father, died four hours later in St. Rita's Hospital.

Firemen said the fire apparently was caused by a faulty electric extension cord which touched the bed.

The father, Richard J. Judy, wrapped the baby in two chenille rugs and rushed to a neighbor. Judy and the neighbor were delayed in their emergency trip to the hospital, they reported, by a train at a grade crossing.

Dormitories Raided

Kent State To Dismiss 29 After Riot at School

KENT, Ohio (AP)—Kent State University President George Bowman said today 29 students are being dismissed from the school in the wake of an early morning raid on two women's dormitories.

Police Chief F. B. Grubb estimated 1,500 to 2,000 persons were involved in a wild 1½-hour-long demonstration that authorities were unable to break up.

Fourteen persons, including 10 students, are in Portage County Jail on this, the last day of the school year at Kent State. None of those suspended or jailed was a senior. No charges were filed immediately.

Some 15 men managed to get into a women's dormitory, where they were pursued through the halls by police. Some of the 15, authorities said, apparently leaped through a screened window on the third floor in evading the law.

Those who jumped either fled or were helped away by comrades.

Police Chief F. R. Grubb said tear gas was used in a futile attempt to break up the crowd at one of two women's dorms.

Authorities said they had been warned to expect some hi-jinks on the eve of the last school day, and the 15 were the only ones who gained entrance to a dormitory.

The demonstration, punctuated by exploding firecrackers and the ringing of gongs, finally ran out of steam at about 1:30 a.m., Grubb said.

Hit by Car, Child Dies

STEUBENVILLE, Ohio (AP)—An automobile struck and killed Vicky Smolinsky, 7, Wednesday when she rode her bike from the driveway at her home in nearby Hammondsville onto Ohio 213.

Statistics on Business Outlook Still Confusing

NEW YORK (AP)—Evaluating the new business statistics may be harder than usual this month. The temptation will be to read too much into them.

Business leaders already are split on the meaning of the old figures. And the new flood this week and next — on unemployment, industrial output, personal incomes—may shed less light than previously hoped.

Those who say they already can see the dawn of a new day will stress such things as the decline in unemployment between mid-April and mid-May, ignoring the fact that joblessness usually drops then, be times good or bad.

Those who say it's too early to tell about the recession's course yet will emphasize the expected rise in unemployment this month, ignoring the fact that it usually does rise when the schools let out a horde of new jobseekers.

Stockholders attending annual meetings have had a wide variety of forecasts to ponder. These range from flat statements by corporate executives that business is better and the outlook brighter to warnings that while there are glimmerings here and there signs of economic strength are insufficient yet to warrant any real optimism.

Bankers and their economists also are inclined to read the tea leaves differently.

In its June survey the Guaranty Trust Co. of New York says: "Signs of leveling out are no longer faint and sketchy. Rather, they have become quite numerous and are beginning to fall into an impressive pattern."

In its June letter the First National City Bank of New York says: "The business reports in May have included signs of betterment, which have improved business sentiment even though they supply no proof that a real turning point in the recession has been reached."

Guaranty Trust warns against believing there will be no more declines in some sectors of the economy, noting that "the summer period is always characterized by substantial seasonal swings, which are difficult to allow for."

And the National City hedges its stand by saying, "It is quite possible that this summer's flurry of plant shutdowns, inventory reductions, and increased unemployment will mark the climax of the decline."

Debris in Catch Basins Delays City Crews, Travis Says

Marion residents were asked today by Safety-Service Director Howard W. Travis to discontinue tossing grass clippings, tree limbs, stones and other debris into storm sewer catch basins.

He said he had received reports of various persons doing such things and explained that such acts delay the sewer cleaning program.

City crews are working as rapidly as they can to clean catch basins all over town so that storm waters will drain off more quickly, he said.

Anyone with grass clippings, small tree limbs or other such refuse to dispose of should place it in a basket or other container for collection by the city garbage and refuse crews, he said.

It is a kind of good deed to say well; and yet words are no deeds. —Shakespeare

Jury Gets Case of Third Man Involved in Insurance Swindle

YOUNGSTOWN, Ohio (AP)—The case of William Glaros, 44-year-old printing firm head accused of aiding and abetting the Tobin-Shade insurance swindle, is expected to go to the jury today.

John J. Tobin Jr., 30, ringleader in the fraud against the America Associated Insurance Co. which employed him as a $100-a-week claim adjustor, testified against Glaros Wednesday.

So did Paul E. Shade, 32, Tobin's chief confederate in the scheme.

Both Tobin and Shade said on the stand that they at no time informed Glaros or discussed in detail the purpose of phony letterheads, forms, statements and a fake newspaper tear sheet they had him print for them and used to support false claims against the insurance company.

However, Shade said he signed three fictitious checks in front of Glaros and testifiel:

"One time he (Glaros) asked me, 'Who are you today?'"

Another time, Shade said, Glaros cautioned him:

"You boys better watch it, you're speeding."

The charge against Glaros involves the largest of a number of fake claims processed by Tobin last year—one for $56,000 filed last summer. Tobin and Shade have pleaded guilty and were sentenced to 1-10 years in Ohio Penitentiary.

Woman Walks Nine Miles To Prove a Point

OMAHA (AP)—Would you take a nine-mile walk in humid 97-degree weather to prove to your husband you could do it?

Carole Moore, 21-year-old mother of two, did.

Carole dressed in play shoes, shorts and a halter, then called a baby sitter to mind her daughters, 2½ and 1½, and set out for the city airport.

Why?

"I wanted a sun tan. And I wanted to prove to Ray I could do it," she said.

She rested once along the way on a street bench. Then she rested again at the police station.

"Those policemen were so nice to me. One of them loaned me a dime so I could call Ray and tell him I was coming."

Next the long last mile.

"She was fagged when she arrived," her husband, 24, said. "I gave her a root beer and took her home. She's always doing something screwy. Now she wants to ride in a jet.

"After a while you get used to it."

Wyandot's First Class For Retarded Is Ended

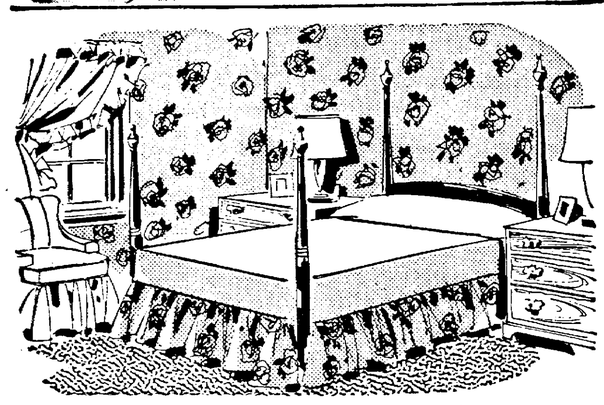
CAREY—Wyandot County's first class for retarded children, which opened May 5, has closed for the spring session. There were six children in the class. Christ Lutheran Church in Carey gave the use of the primary room and the teachers were Mrs. Stanley Stever of Sycamore and Mrs. Alfred K. Davis of Carey.

Any child in Wyandot County whose IQ is 50 or below is eligible for this class. In order to receive state aid there must be at least eight children enrolled and not more than 12. Many articles are still needed and several organizations have promised aid when the school reopens in September.

Elected Moderator

TORONTO (AP)—The Rev. Dr. John McNab of Toronto has been unanimously elected moderator of the Presbyterian church in Canada at the church's 84th general assembly. The 71-year-old clergyman succeeds the Rt. Rev. A. D. MacKinnon, of Narrows, N. S.

Adding CHARM to YOUR Home



ONE-FOR-TWO ROOM

You who live in a limited space today and are looking forward to a more spacious home later on will find it profitable to do some logical, systematic planning now and select your furnishings with a long-range view. Especially your large basic pieces.

This doesn't mean that you need to sacrifice any of the attractiveness of your present abode. And it needn't seem crowded even though some of the pieces are large. All that is necessary, usually, is some good, sound space maneuvering.

If you're having difficulty deciding on a definite style, then simply-designed, flexible pieces are your best bet. These will fit well into any type room, mix amiably with other styles.

The four-poster double bed in the shared bedroom sketched above has been placed between a pair of twin dressers to save space. Later on, in a larger room, the dressers may be placed side by side and made to appear one large Mr. and Mrs. dresser. In this position dressers serve as night tables, too. Lamps are proper height for reading in bed. Note how the pattern in the dust-ruffle fabric matches that of the wallpaper.

An investment in good sleeping equipment will pay high dividends in comfortable, health-building sleep. Choose your mattress from our group of dependable brands. Hundreds of tempered coil springs. Pre-built sag-resistant borders. Superior quality.

25 Years Cleared Up the Doubts

The 25th anniversary of the founding of Ohio's famed Muskingum Conservancy District has been suitably commemorated with praise for the results shown by this pioneer effort in flood control and conservation.

It is especially gratifying that Bryce Browning, the district's secretary-treasurer and its tireless champion at a time when the idea was not popular, has come in for special recognition.

Mr. Browning, more than most of the people who look upon the Muskingum District as an unmitigated blessing, can recall how much blood, sweat and tears went into the evolution of the idea that Ohio should take advantage of federal funds that had been made available for such public works.

Of the 47 million dollars that was invested in the district's development, the federal government put up 42 million. The rest came from state funds and from four million dollars' worth of state-backed bonds. The final payments have been made on the bonds.

Part of this pioneer effort in flood control and conservation was to sell the idea that a project which had been kicked around ever since the disastrous flood of 1913 in the Ohio valley could be got under way by using federal funds.

There even was resistance to the idea that the U.S. Corps of Engineers would be in charge of the project. People resented it as a claimed intrusion on state rights.

What was achieved, besides the physical development of the Muskingum District, was a new concept of federal, state and local cooperation in a project for public welfare—and it was not easy. But gradually the idea took form and it finally was realized that in a project whose magnitude at the time was too great for the resources of the state it was both desirable and proper to depend on the greater resources of the federal government.

Five hundred persons had lost their lives in the 1913 flood. Estimated property damage reached the staggering total of 300 million dollars. It was worth what it cost to avert a repetition of such a disaster, including the surrender of the principle that state and local government should tackle the job alone or not at all.

Knowland Will Run From Outside

If Sen. William F. Knowland had polled three votes to his opponent's two votes in the California primary this week, he would have been the favorite to win the election for governor next November.

Having polled two votes to his opponent's three in California's peculiar primary, which lets candidates for nomination run on either party's ticket, he is not the favorite. When the race for governor is run, he will be starting against the odds — and he won't even have the post position.

If he wins the political gamble that has tempted him to leave the position of minority leader in the Senate for a chance to be governor of California, it will be the hard way. There is more at stake in the race, furthermore, than Sen. Knowland's own political career.

He is presently the foremost symbol in national politics of party conservatism, not only in contrast with the prevailing mood of the Democratic party but with the mood symbolized by Republicans who think Dwight Eisenhower and his friends have been veering too far to the left.

His election to the governorship of California on a platform that includes a California ban on the union shop and the guaranteed control of unions by rank-and-file members would signalize a momentous turnabout in his state's politics.

The immediate effect, aside from the bearing on Sen. Knowland's own "availability" for the Republican presidential nomination in 1960, would be to hearten conservatives in both parties. They would interpret a Knowland victory as proof-positive of a hunch they have been playing — that the political swing is beginning to favor them after long years of exile.

Sen. Knowland has given them no comfort by getting the short end of the vote in California's weird cross-file primary. Edmund G. Brown, state attorney general, not only polled more votes in total but managed to draw a third as many votes in the Republican primary as Knowland, who drew only a sixth as many votes in the Democratic primary as his opponent.

Watch Out for String-Pullers

Two notions that have endeared themselves to Americans with a weakness for other forms of government have been knocked in the head by the French shake-up.

The first notion is that the United States would be better off if it bred and maintained a large stable of professional governmenteers, who would carry on through thick and thin. The theory behind this notion is that the civil servants would run the government, leaving the politicians free to run the balloting. There would be no amateurs messing in public affairs.

But in France, when Charles de Gaulle announced the composition of his "trusteeship," the same old political faces were in the lineup, causing some critics who had hoped for something better to lose faith in France's savior before he had time to make his first move.

The other notion is that the United States would be better governed if its executive head were subject to parliamentary upset, like the premier of France and the prime minister of Britain.

This notion usually gets an airing during the tag-end days of an administration that has lost its political momentum. Someone blandly suggests that the president should resign and let a successor form a new cabinet, in makehift imitation of the way the French and British react when a government cannot command confidence.

But French politicians had pulled the string on so many premiers in such rapid succession that they had destroyed confidence in government. The first thing De Gaulle demanded as premier was decree power for six months. The thing he has been demanding for the last 12 years is a form of government more like that in the United States, so the head of the state can get something done without being hamstrung every whipstitch by harassing obstructionists.

With Independence Day looming ahead, perhaps it isn't too soon to be grateful for more political stability than has been achieved under any other form of government.

Move the Decibel Point

"Decibel" sounds like the name of a flower or an elf or something else sylvan, cool and quiet. But it isn't. It's a unit of measurement of the loudness of sounds.

A butterfly landing on a columbine along a forest path would rate zero decibels. The human voice is scored at 60.

A real ear-splitter, such as a jet plane taking off, a boiler factory, or an unmuffled power mower on a still Sunday morning would send the needle off a decibel meter.

From a reasonable distance — say four blocks away—a power mower brings to mind happy vacation days, its noise suggesting the outboard motor of an early-rising fisherman cutting a path through a misty lake. Even close up, some are tolerable.

But there are grass-cutters in Marion whose noisome cacophony alone should be enough to frighten every lawn in the neighborhood out of a week's growth. Unfortunately, the grass, having no more ear than the noisy mower's owner, is undaunted by mere din, and grows on, assuring another unholy racket the next week.

What is needed is a muffling of the worst offenders, a shift downward in the decibel point. Or perhaps a day could be set aside, by custom, for power mowing. Advance notice could be posted: "Warning, Mowing Day Tomorrow," giving gun-shy dogs and sound-sensitive humans time to slip out into the country until the worst was over.

The Once Over

By H. I. Phillips

Standard Oil of New Jersey held its annual stockholders meeting in the fieldhouse of fashionable Lawrenceville Prep, near Trenton, instead of at the Bayway Refinery and broke attendance record with 4,000 investors.

We attended because it always gives us a sensation of affluence. Even a 10-share stockholder takes on a little peacock coloration at such meetings. A 10-share man never knows but what he may be sitting between a 1,000 and a 5,000-share man.

We like the feeling that we are "in oil" and that the tycoons of the corporation give us radiant smiles, with free sandwiches and coffee. It gives our snob-side full play. (We are a Snob for a Day, so to speak.)

THE STANDARD OIL sandwiches were good, if not the "gusher" type and if the bread was sliced thin, it showed the corporation was being run economically. The coffee opened strong but was weak at the closing. We asked Eugene Holman, chairman of the board, if this represented any change in the coffee policy.

He seemed surprised that we had found it good only for a quick turnover and promised to see that Standard Oil stuck to long-pull coffee at future meetings. (There was some suspicion of sabotage by a rival oil corporation, possibly Mr. Getty.)

Monroe J. Rathbone, Standard president, said he would match his coffee against any oil corporation on earth. If it was a little weak for the first quarter, he indicated a big coffee improvement by September.

WE TOOK UP the matter of stockholder representation on the board, suggesting that we be made a stockholder director in charge of chicken sandwiches and coffee.

Mr. Rathbone was against it and pointed out we had signed the proxy opposing stockholder representation. He wasn't impressed by our explanation that this was before we tried his coffee and sandwiches.

"You let stockholders' opinions enter into the Jersey coffee and sandwich policy and they will soon demand a voice in the S of N J apple and pumpkin pie situation," said one of the big directors. He asked us how we liked the switch to Lawrenceville. We said it was fine.

At Bayway Refinery there was always the scent of oil tanks. At Lawrenceville there was just the pleasant mood of the prep school, the senior prom, father and son relationships and football.

Summit Talks Remote

By David Lawrence

There's nothing up in the air quite so much nowadays as the summit conference. For, with the entry of Gen. de Gaulle to the summit foursome, the truth is the West wouldn't be ready now to hold such a conference even if the Soviets welcomed it.

Lawrence

Nobody here knows just what kind of a confrere Gen. de Gaulle would make if a summit meeting were held tomorrow. It may take several months to find out what Gen. de Gaulle, speaking for France, will have to say on international questions. He certainly isn't the kind of man who plays second fiddle to anyone and if he participates in a summit conference he may be expected to have his own ideas as to what should be discussed or agreed upon.

Neither the West nor the East can afford to drop the subject since it has been given such worldwide publicity.

There was a time when talk about the need for a summit conference was regarded as some kind of panacea surpassed only by the maudlin pleas for suspension of nuclear tests as a way to insure peace.

NOBODY SEEMS to have come forward with a plan that would end the use of the nuclear weapons themselves but many people in the world have been led to believe that mere suspension of the nuclear tests will remove all tensions and bring peace on earth and good will toward men.

Meanwhile, the fact of the matter is that tension with the Soviet Union continues throughout the world with such supposedly harmless weapons as financial aid and infiltration. The cold war is indeed being intensified by the Moscow government in all parts of the world.

It may well be that Gen. de Gaulle's accession to power in France could result in a solution of France's troubles in North Africa which would, of course, be a setback for the Communists who have been meddling in the situation there and have been hopeful it would bring about civil war inside France itself.

Gen. de Gaulle is reported to be antagonistic to the continuance of Communist influences inside France but willing to do business with Moscow in international affairs.

This may have been his view some time ago but there are signs that he will go along now with the attitude of the West. This is logical because Gen. de Gaulle cannot afford to have a split with his Western allies. Too much is at stake for him on the Western side.

CERTAINLY before there is any summit conference as between East and West, there will have to be a summit meeting separately among the Western leaders.

Prime Minister Macmillan is due in Washington this month and it seems likely that Gen. de Gaulle will want to come to Washington a little later after he has found some way to stabilize the Algerian situation.

Plainly, if the general triumphs in his Algerian policy, he will wish on the heels of that triumph to come to America and talk with President Eisenhower on broader questions of Allied policy.

For the United States is not interfering in Algeria and is as anxious as are the leaders of other Western countries to see some sort of solution that at least reduces the Communist capacity for trouble making in the area.

While outwardly the Moscow government professes still to be interested in a summit conference, it might be a risky thing from its viewpoint, too, to have one just now. The Communist front is shaky.

Thus today there is a big fight going on between the Yugoslavian and the Russian Communists.

THE MOSCOW government, though boasting that it never puts strings on its foreign loans, has cracked down on Yugoslavia and actually has welched on its financial commitments to that country.

It's an example of what other countries may be up against — including Egypt — where Nasser is trying to walk the tightrope and play the West against the East. The Kremlin has shown that it will not brook any show of independence even from Tito, and clearly Nasser isn't as powerful a figure as is Tito.

So a summit conference has become a remote goal but something that all sides seem to be eager to keep talking about because, somehow, it soothes the nervous and excitable elements around the world who believe in summit conferences as the magic mechanism that will relieve the world of all its troubles.

Plug for Dandelion

By Hal Boyle

NEW YORK

If America is to wear a national flower in its buttonhole, why not make it the dandelion?

Congress is periodically petitioned to name an official U. S. flower, but so far has ducked a vote. This issue could cause a lot of statesmanlike heads to roll — like petals at the first frost.

HAL BOYLE

Garden lovers are a passionate folk. Knock their favorite flower, and it's worse than kicking their dog around. The angry sap rises in them. The wise politician realizes that picking a national flower could easily lead to a floral war between the states.

RIGHT NOW there are two lobbies besieging Congress — some ladies from Atlanta, ardent advocates of the rose; a Midwest contingent which thinks the corn tassel should be the tossing symbol of our land.

The rose lovers, of course, are strictly traditionalists and are the kind of people who pick the New York Yankees every year to win the American League pennant.

Against them is the opinion of many that the rose is a garden snob and not democratic enough to represent America.

The corn tassel crowd claims that the corn tassel is as American as Pocahontas and, furthermore, is the bright harbinger of two of mankind's greatest pleasures—bacon and bourbon. One criticism against it: It is almost as symbolic of a single region, the Middle West, as cotton was of the Old South.

THE BIG PROBLEM Congress faces in selecting a national flower is how to avoid showing regional favoritism.

If it names the official flower of one state, it by implication offends the other states.

The only remaining possible choice is the dandelion, the golden democrat of lawn and pasture. It is the true all-American flower, a rugged individualist that stands above class or creed. Or local partisanship.

It exports its seeds in clouds of white paratroopers that enrich with new beauty the backyards of the poor and the estates of the mighty. It is the stubborn friend of all. You can't even force this pal to leave you.

IN GOOD TIMES you can admire its loveliness. In bad times, or good times, you can make wine from its blossoms, salad from its leaves, all kinds of medicines and a substitute coffee from its roots. It is beloved of children. You can hold its yellow glory under your best girl's chin and tell if she likes butter.

The easy way out for Congress is to vote the dandelion as the U.S. national flower—by acclamation.

Russia Could Play Rough

By James Marlow

WASHINGTON

"You wanna play?""

That's the essence of Nikita Khrushchev's latest letter to President Eisenhower, proposing a big American-Soviet trade program and Soviet purchase of machinery from this country.

Play or not, this fat and reasonably happy land is in for it. The United States faces a war with the Soviet Union — a trade war, not shooting — which could be deadly when it really gets rolling.

THE SOVIETS will use trade, plus aid, not for profit but for political penetration.

The Soviets, although they've made astonishing scientific and industrial progress, still lag behind this country in total industrial production, particularly in consumer goods.

Before they can really start a giant export trade program with the world — not just the United States — they will have to satisfy consumer demands of their own people.

First reaction in this government to Premier Khrushchev's proposal has been negative, particularly to his request for extensive credit.

BUT, WITH or without American help, a nation which has surpassed us in missile development will find a way to get the machinery it needs to satisfy its own people's wants and have plenty left over for some exporting.

Only last April Khrushchev vowed war against the West with consumer goods. He said: "Wars mean killing people. Why should we want war when we have other means — I mean consumer goods."

The more the Soviets raise the living standards of their own people, the more will be the attraction of communism for the backward peoples who want to move into the 20th century fast. They saw the Soviets do it in 40 years.

ONLY LAST week the Committee for Economic Development — a private, nonprofit group which analyzes economic problems — reported the Soviet Union is threatening the West through an economic offensive already under way by winning good will in underdeveloped countries with trade and loans.

Since the Soviets control their entire economy they should provide competition of a kind and on a scale this country has never encountered. For example: they could cut the price of any item to undersell goods from the high-priced free enterprise American economy.

Add to this unpleasant prospect the industrial development of Red China which in time should be able to find a broad market for its exports in Asia and the Pacific.

IT'S LIKELY communism as we know it will change and soften — since nations like plants and animals go through evolutionary states — but the most to be expected is a softening into democratic socialism, not capitalism.

But socialism in the Soviet Union or China would still mean government control of natural resources and the means or production and distribution. In short, still a controlled economy.

The idea of American-Soviet trade or Soviet purchase of American machinery isn't something recent with Khrushchev. He's been talking of it for years, if only in informal talks with visiting Americans.

One at a Time

By Truman Twill

Sooner or later, the way things are in the mid-reaches of the century we are living in, a worry wart must decide what to do about crises.

Either he makes the right decision at the right time, or the head-shrinkers get another patient. Even the biggest worry-warts in the business, like secretaries of state and ministers of foreign affairs, cannot grapple with all the crises there are. They become selective.

That is the right decision, the one that must be made at the right time, to keep the head-shrinkers at bay. But there is a catch.

It is to keep from worrying about whether or not the right crisis has been picked to worry about. Some other crisis that was rejected might have been the right one, instead.

It is a challenge to mental discipline, because once a decision has been made it must be irrevocable. Everything else must be excluded, such as the crisis in France, the crisis in Tunisia, the crisis in Italy etc.

No one can do justice to all of these. Furthermore, there always will be some new crisis when the old ones sag in the middle and fray out.

The only way out is to settle on one crisis and stick to it through thick and thin, making it a full-time project and shutting out all temptation to switch crises in midchaos.

This is best done by putting all the crises of the moment into a hat, shaking them up and drawing out one at random. This does away with misgivings about judgment.

But there is one important thing to do when putting the crises into the hat. That is to include a few of manageable dimensions, such as the struggle to save the whooping cranes, the spread of jungle rot in the South Sea Islands, the menace of a fatty diet to U.S. males and the falling water table.

This is a sample list. One could suggest other crises that could be placed in the hat along with crises over fission and fusion, civil rights, Japanese imports, foreign aid and the gradual melting of the polar ice cap.

There are chronic crises like the threat of female domination of the male sex, juvenile delinquency, the Communist conspiracy, the crumbling of the two-party system, apathy at the polls, the emergence of Asia as an industrial influence and Nasser's project of unifying the Arab nations.

Not to mention the monopoly threat of big unionism, shortcomings of the educational system, congestion over major airports, inflation, possible extermination of the sperm whale and excessive boozing among the happy comrades of the Soviet Union. Any of these is good for a lifetime of worry-warting, as are traffic accidents, industrial productivity and termites.

No one can get around to all of them. No one in his right mind would try. One at a time and easy does it.

I have made my peace with crises. I have picked the struggle to save whooping cranes and thereto will direct my every effort in wirry-warting. Every waking moment will be spent in a brown study of the problem. No stone will be left unturned to help these birds with their problem, and all I ask in return is that they help me with mine by remaining as nearly extinct as possible.

News of Other Years

40 YEARS AGO — Despite desperate fighting, German troops were not able to advance one foot during a 24-hour period.

The U.S. provost marshal, Gen. Crowder, made final plans for calling into service more than 200,000 men.

The latest report on the sinking of the Puerto Rican ship, the Carolina, listed 16 men and women dead and 11 missing. More than 200 passengers and crewmen were rescued.

American soldiers in France met their hottest fighting of the war to date at Neuilly Wood, north of Chateau Thierry, on the Aisne-Marne battle front.

20 YEARS AGO — The Very Rev. Edward H. Summe, assistant pastor of St. Mary Catholic Church, spoke at the 58th annual commencement exercises of the parochial high school. Thirty-two seniors were graduated.

J. Edgar Hoover, director of the Federal Bureau of Investigation, expressed his hearty support of the campaign of the Marion Junior Chamber of Commerce to obtain a two-way police radio system for Marion city and county.

Their 16th child, a girl, was born to Mr. and Mrs. George W. Cochran at their farm home nine miles northwest of Marion. This made the Cochran family the largest family in the county.

Alex Czeto Jr., 30, of Dola, died in Kenton Hospital of injuries received in an automobile collision earlier the same day.

10 YEARS AGO — Dr. Karl H. Feistkorn, Marion physician, joined the Ohio State University faculty in Columbus as an assistant professor at the student health center of the university.

Richwood Girl Married To West Mansfield Man

—Photo by Stein

Mrs. Robert Donald Grose

On Sunday, June 1, in the Church of Christ at West Mansfield, Miss Janet Connolly, daughter of Mr. and Mrs. C. E. Connolly of Richwood, became the bride of Robert Donald Grose. His parents are Mr. and Mrs. E. L. Grose of near West Mansfield.

The ceremony was read at 2:30 o'clock in the afternoon by the Rev. Dean Speece, pastor of the Lexington, O., Church of Christ. Organ music was played by Mrs. Brenda Gibson of Richwood. Decorating the church altar were baskets of gladioli.

Given in marriage by her father, the bride wore a ballerina length gown of white satin. Her jewelry was a pearl necklace, a gift from the bridegroom, and her bouquet was of yellow roses.

Attending the bride as maid of honor was Miss Edna Sue Shoup of Richwood and bridesmaids were Miss Linda Connolly and Miss Charlotte Hamilton of Richwood. They were attired alike in blue dresses. Miss Shoup carried yellow roses and the bridesmaids' bouquets were of yellow daisies.

Ring bearer and flower girl were John Connolly of Richwood and Miss Vickie Proehl of Hillsboro.

Ray Sine of Byhalia served as best man for the bridegroom and ushers were Howard Grose and Cliff Dill, both of Richwood, and Donald Fields of Orab, O.

For her daughter's wedding, Mrs. Connolly chose a lime green dress and Mrs. Grose was attired in a navy blue dress. Each had a corsage of white carnations.

A reception followed at the home of the bride's parents. Serving were Mrs. Esther Bugg and Mrs. Betty Dill of Richwood. Mrs. Irene Fields of Orab, Mrs. Charlotte Proehl of Hillsboro, Miss Joy Hess of Columbus and Miss Mary Jane Grose of West Mansfield.

When they left on a short wedding trip, the newlyweds wore matching tan and blue ensembles. They will make their home on a farm near York, O.

Galion Area Pair Notes Anniversary With Open House

GALION—Golden wedding celebrants of this community are Mr. and Mrs. Frank Bogan of the Beck Rd., west of Galion. They will receive relatives and friends Sunday, June 8, at St. Paul's Lutheran Church at North Robinson from 2 to 5 p.m. The reception will be preceded by a family dinner at noon at the Arlie-Glenn Inn on the Nevada Rd.

Mrs. Bogan is the former Bessie Nungesser, and was married to Mr. Bogan June 10, 1908, in the Evangelical United Brethren Church. They have resided their entire married life on a farm north of North Robinson.

Mr. Bogan is a former school teacher, a former member of the school board at North Robinson and charter member of the Grange. Both Mr. and Mrs. Bogan are active in St. Paul's Church where he sings in the choir and where he was a former superintendent and teacher in the Sunday School.

The couple has three children: Ralph and James of near Crestline and Myron Bogan of Columbus. There are eight grandchildren.

Church Activities

A potluck luncheon at noon featured the last meeting of the year of the Whatsoever Circle of King's Daughters Monday at the home of Mrs. O. E. Kennedy on Vernon Heights Blvd. The social committee, composed of Mrs. Carl Watrous and Mrs. R. E. Vande Water, was in charge.

Mrs. J. A. McClellan, sister of the hostess, was a guest.

Mrs. H. G. Roby, leader, presided for a short business meeting after which she turned the gavel over to the new leader, Mrs. Cecil Davis, who announced her committees for the coming year.

Meetings will be resumed in September when new program booklets will be distributed.

—:—

Roll call was on places the members would like to go for vacation when Forest Lawn Presbyterian Circle 1 met Tuesday night. Mrs. A. D. Imbody was hostess in her home at 451 Forest Lawn Blvd. The meeting was under direction of Mrs. Betty Powell and Mrs. Wilson Dallas led devotions on "Dr. Luke and Women."

Mrs. Charles Armbruster and Mrs. Dallas presented missionary study, the first chapter of the new study book, "Conversations on the Middle East" and the title was, "The Political Situation." Prayer was by Mrs. Phyllis Martin. A Bible quiz conducted by Mrs. Maxine Marshall was won by Mrs. Kenneth Riley and a travel contest followed.

—:—

Newly - elected officers, headed by Miss Mary Mehaffey as president, presided for their first meeting when the Wesleyan Service Guild of Prospect St. Methodist Church met Tuesday night at the church.

New program booklets were distributed and committee appointments announced. An announcement was made of an officers workshop to be held Sunday afternoon at Kenton. A letter was read from Miss Betty Penn of Columbus, who served as a missionary in India for a number of years and for the last year has been teaching school in Columbus.

Devotions were conducted by Mrs. Emerson Dietsch who read an article by Warner Solomon on his painting of the head of Christ. A hymn was followed by the Lord's Prayer by the group.

The program, in charge of Miss Della Owen, vice president, included a candlelight service reviewing the goals of the Guild and a presentation of some of the Guild interests for the year, both in the United States and foreign countries.

Assisting Miss Owen in the review of the goals were Mrs. Kenneth Hecker and Miss Ruth Schott.

A map of the world with the various Guild interests pinpointed was used in the second part of the program. Articles on four of the projects were presented and included Kangneung District in Korea by Mrs. Marian Sperling; Medical and Social Center in Sibu, Sarawak, Southeast Asia, by Miss Josephine Ruth; Tai Wha Community Center in Seoul, Korea, by Mrs. Dietsch, and Gum Moon Residence Hall in San Francisco, Calif., by Mrs. William Bomberger.

Guests were Mrs. Raymond Click and Mrs. Kenneth Connolly who later were taken in as new members. Mrs. Connolly is transferring from another circle in the church.

Refreshments were served by the hostesses, Mrs. Hecker, Miss Owen and Miss Ann Nickel. The next meeting, July 1, will be a hamburger fry at 6 p.m. at McKinley Park. Mrs. Howard Schwaderer will be in charge.

Blames Power Failure

HONOLULU (AP)—The executive officer of the submarine Stickleback says its own power failure on a dive was responsible for its being rammed and sunk by the destroyer escort Silverstein.

-:- Campus Notes -:-

Miss Margaret Jane Haley, daughter of Mr. and Mrs. William M. Haley of near Marion, will be graduated Sunday from Bowling Green State University. She will receive a BS degree in education.

Margaret Haley

Miss Haley, a graduate of Claridon High School, was a member of the university's marching and concert bands, its a cappella choir and the Treble Clef Club, of which she was business manager. In addition, she served two years on the school's Music Activities Committee.

Leading Man Ill, Role Is Filled by Producer

PHILADELPHIA (AP) — The show must go on — even if the producer has to do the performing.

That is what happened during the tryout here of a new musical comedy, "The Body Beautiful." Leading man Jack Warden came down with laryngitis just before curtain time.

With no understudy available, Richard Komar, co-sponsor of the show and a former singer, took over the assignment and carried through without dropping a note.

Three Injured In 2 Delaware Area Mishaps

Sports Car Accident In Southern Part of County Hurts 2 Men

DELAWARE — A 1956 model sportscar was demolished in one of two injury accidents reported today by state patrolmen of the Delaware post.

Officers said the northbound sports car driven by David E. Landis, 21, of Columbus, failed to negotiate a curve on Rt. 315, about three miles north of the Franklin County line in Delaware County at 2 a.m. today.

Flips Over Twice

It swerved off the left side of the road, traveling 234 feet before striking a stone culvert. They said it then ricocheted off the culvert and turned end over end twice, landing on its roof.

Patrolmen said the driver was hurled out of the car a distance of 20 feet landing in a ditch.

According to the report, Landis escaped with only body bruises and a possible back injury. A passenger in his car, Donald Fickas, 21, of Columbus, received the same injuries. Both were admitted to University Hospital in Columbus for observation.

Patrolmen said Landis will be charged with speeding. He told them he was traveling 70 miles per hour at the time his car attempted to negotiate the curve. Officers said a highway marker at the location denotes a 35 mile speed limit.

Collide on Rt. 23

Two cars collided on Rt. 23, two miles north of Delaware Wednesday at 11 a.m. in the second injury accident, patrolmen said.

Vehicles involved were driven by Homer Walker, 73, of Urbancrest and Allan C. Ritter, 19, of Freeport, N.Y., an Ohio Wesleyan University student.

Patrolmen said the Walker car pulled onto the highway from the right berm into the path of the Ritter auto. The two collided with extensive damage done to the Walker vehicle and the Ritter car being demolished.

A passenger in the Ritter auto, Joseph E. Warren, 21, of Delaware, sustained lacerations of the arm. Walker was charged with failure to yield the right of way and will appear in Delaware Municipal Court at a later date.

Escapee Arrested By Marion Police

Louis Chizmar walked away from the London Prison Farm Tuesday. On Wednesday he allegedly attempted to pass some worthless checks in Marion. Today he is slated to be returned to the prison farm.

Chizmar, 33, formerly of near Caledonia, was sentenced to 1-20 years on a forgery conviction in Marion County Common Pleas Court in 1955. He entered the Ohio Penitentiary on Oct. 5, 1955, and on June 20 last year was transferred to the prison farm.

He was picked up by Marion police at 6:50 p.m. Wednesday on a complaint he was attempting to pass checks in a business place on N. Main St.

Police took him into custody on an open charge for investigation and discovered he was an escapee from the prison farm and was wanted by officials there.

Local authorities notified the prison officials and they reported they would return him to London today.

GROUNDED. Little Vanessa Melhuish is left horseless in jodhpurs and fails to see the humorous side of it at the Royal Windsor Horse Show in Windsor, England.

2 Inmates Ask Freedom Here

Two Marion Correctional Institution inmates made their second bid for freedom on writs of habeas corpus Wednesday and today.

Albert Finney, 34, filed his second petition in Common Pleas Court Wednesday, alleging he was erroneously sentenced from Summit County in November, of 1949, on charges of issuing checks with insufficient funds and larceny by trick.

Finney's last petition, filed May 10, was denied by Judge Paul D. Smith on May 15. The inmate alleges the Summit County Common Pleas Court judge erred in ordering the sentences to be served consecutively instead of concurrently. He was sentenced to 1 to 3 years in the Mansfield Reformatory on two counts of issuing checks with insufficient funds and 1 to 7 years on the larceny by trick charge.

George Lester Coulter, 31, currently serving a 1 to 10-year sentence on a charge of felonious assault, today filed a petition for release on a writ of habeas corpus with the Third District Court of Appeals.

An earlier petition filed with the Franklin County Common Pleas Court was withdrawn last March. Coulter, who alleges he is being held illegally at the institution, was fined $1,000 and costs and placed on five years' probation in May, 1954, in Lucas County.

According to his petition, he was later arrested on a charge of violating probation and was sentenced to the Ohio Penitentiary. He was transferred to the local institution last April 9.

Delaware's Sesquicentennial Activities Pick Up in Tempo

DELAWARE — Observance of the Delaware Sesquicentennial moves into full swing Friday as the first of the Friday Sesqui Days is held.

Main item of business tomorrow will be the burial of Mr. Safe T. Razor who "died of a broken heart when an ordinance prohibiting men in the county from shaving was passed," according to Sesqui officials.

An old-fashioned horse-drawn hearse will be used for the funeral service.

Similar activities are planned for all the Fridays from now until July 4 when the celebration reaches its climax. The week of June 27 through July 4 will be the big week of festivities here and will feature parades, pageants, style shows, homemaking reunions and many other activities.

A "kangaroo kourt" will be set up to dispose of men without beards. Most of the women in town will be attired in old fashioned gowns while the men, in addition to sporting their bushy faces, also will be decked out in the old stiff collar and long-tailed coats.

The celebration is open to all in the Delaware area and surrounding communities.

Bucyrus Group Gets Option for Parking Areas

BUCYRUS—Options to purchase downtown properties for off-street parking have been obtained by the Bucyrus Retail Merchants Association and were turned over Wednesday to city council for study.

The merchants' group, which has been studying the downtown parking situation for many months, has obtained 60-day options to purchase three properties at a total cost of $41,000. The properties are located off the northwest corner of Washington Square.

George Fischer, a hardware store partner and spokesman for the merchants said the properties belong to Mr. and Mrs. Alex Zahara, Mr. and Mrs. Roy Dickey and George Davis. Price of the Zahara property is $11,000 while the Dickeys are seking $12,000 and Davis, $18,000.

Total parking capacity of the three lots would be about 75 cars, according to Mr. Fischer, who suggested that the city could finance the project through the issuance of revenue bonds.

A $3,500 traffic survey recently completed here by Ferneau, Inc., Columbus, recommended that efforts be made to obtain off-street parking and also suggested the elimination of two islands on Washington Square to provide parking space for 40 cars.

The proposal is expected to be discussed in detail at a meeting next Monday night between council committee chairmen and a committee from the merchants' association. The council committee includes Rollen Koons, Bruce Sharrock, Robert Zeigler, Myron Stinehelfer and Ed Koch. The two groups already have held two joint sessions this spring.

Confident After Primary

California's Democrats Predict Sweep at Polls

SAN FRANCISCO (AP)—What happened in California's primary election Tuesday? Why the big Democratic splash?

Probably no one reason can explain. A number of factors appear to fit into the complex pattern of California politics that background the election figures.

Something similar happened in 1954. It didn't create the same stir, however, because a national figure like Sen. William F. Knowland wasn't involved. And the Democratic margin wasn't as great.

Four years ago, the California ballot began to identify candidates as either "Dem." or "Rep." for the first time, Democrats — who outregistered the Republicans 3-2 — harnessed their big vote and nominated a full slate for state officers.

But in November, Californians returned to their old independent voting ways. They ignored party lines. Every Democrat running for statewide office was defeated — except one. That was Atty. Gen. Edmund G. Brown.

Republicans think they can win again next November. But Democratic party leaders are openly talking about a landslide. They feel the voters are ready for a change.

There's no doubt the primary showed a definite party resurgence in California. One test is the huge vote rolled up by Brown, leading his ticket as the Democratic candidate for governor.

Republicans pointed out that Knowland devoted only 14 days in the state to his primary campaign. That was all he needed for the Republican gubernatorial nomination. It's true. But Brown, who barnstormed for weeks, walked off with the high popular vote by more than 500,000.

Gov. Goodwin Knight campaigned strenuously in his Republican race for the U.S. Senate. But Knowland outdrew him. More important, so did the Democratic nominee, Rep. Clair Engle of Red Bluff.

Just about everyone cross-filed in hopes of winning both nominations. Nobody did except a handful of state legislators and congressmen, and nearly all of these were Democrats.

Gene Kelly Will Direct Musical on Broadway

NEW YORK (AP) — Gene Kelly, actor - dancer - director, and Richard Rodgers, composer, are having a reunion.

Kelly has been engaged by Rodgers and his lyricist partner, Oscar Hammerstein II, to direct their musical "The Flower Drum Song," due on Broadway next fall. The two last had a stage relationship in 1940, when Kelly portrayed the title role in "Pal Joey," by Rodgers and the late Lorenz Hart.

Youngster's Good Fairy Familiar With Inflation

TULSA, Okla. (AP) — Steve Whittie, 5, eagerly placed the first tooth he lost under his pillow.

The next day, he found a dollar bill under the pillow (with an assist from his grandparents). His father, Therl Whittle, a policeman, told Stevie, "I think you're very lucky. I never got more than a dime."

"Well, Daddy," Stevie replied, "you know the price has gone up on everything."

Civil Service Group To Get Pay Increase

WASHINGTON (AP)— Congressional approval appeared assured today for a 10 per cent pay increase for the government's one million white collar and supervisory civil service employes.

The Senate, which previously voted for a 7½ per cent increase, accepted yesterday the 10 per cent figure approved by the House while adding some amendments.

The House is expected to accept the Senate changes and send the bill to the White House, possibly today.

The pay boost, applying to all classified civil service workers, is expected to cost the government 542 million dollars a year.

Eisenhower, who recently signed a bill giving postal workers a 10 per cent raise, had recommended a 6 per cent boost for both postal and classified employes.

Bucyrus Man Arrested After Crawford Mishap

BUCYRUS — A man here was arrested by state highway patrolmen Thursday afternoon on a charge of failure to stop within assured clear distance after his auto was involved in a Rt. 4 mishap, about three miles north of Bucyrus.

Investigating officers said the southbound auto driven by Henry J. Bohrman, 51, of Bucyrus, ran into the back end of a car driven by Marsha L. Heft, 17, of Sycamore which had slowed to make a left turn.

Patrolmen said both vehicles were slightly damaged in the 2:10 p.m. accident. Borhman will appear before Mayor J. L. Sullivan here at a later date.

Martel Man Sentenced On Non-Support Count

Floyd Barr, 45, of near Martel, was found guilty in Marion Municipal Court Tuesday to a charge of non-support.

He was sentenced to six months in the Columbus Workhouse. The charge was filed against him by Elva Marie Barr of 197 Fies Ave.

A non-support charge against another man was dismissed in Marion Municipal Court because a similar action has been filed in Common Pleas Court. He is Rubert Hesson of Sandusky. The charge in Municipal Court was filed against him by Helen M. Hesson of 271 Nye St.

Test Pilot Killed

BOSCOMBE DOWN, England (AP)—John Booth, chief test pilot of Saunders Roe, was killed today in the crash of a rocket-powered fighter plane still on the partly secret list.

The experimental SR53, described as Britain's first manned aircraft with a rocket as its main power plant, exploded after takeoff. Several farm cottages were damaged by the wreckage.

Saunders Roe Co. claimed the SR53 could climb at a rate of nearly 10 miles a minute and travel at a speed of 1,500 miles an hour.

As an effort for repopulating, Paraguay in South America has encouraged immigration in recent years. It now has many Japanese and Italian families as new settlers.

School Personnel Honor Educator At Farewell Tea

Approximately 250 local educators attended a bon voyage tea Wednesday afternoon at Harding High School, given in honor of Supt. Robert S. Brown who will leave in August for an education trip to Russia, and return here in late September.

Presiding at the tea table were Mrs. Mary Lou Schindler, Mrs. Margaret Smith, Mrs. Imogene Minshall, Mrs. Joan Boblenz and Mrs. Freda Raub, all secretaries at the School Administration Building. Other members of the social committee who asssted were Robert Peach and Eugene Winters.

School officials and employes at the School Administration Building served as hohts and hostesses. Cecil W. Gabler, assistant to the superintendent was general chairman. Decorations and favors followed an American flag theme.

Mr. and Mrs. Brown were honored guests. Members of the board of education were present as were public school faculty members.

Bitten by Dog

Sheila Devine, 4-year-old daughter of Mr. and Mrs. Richard J. Devine of 241 Peterson Ave. was treated in the office of a local physician Wednesday afternoon after she was bitten on the wrist by a neighborhood dog.

Trio at Upper Gets New Terms in Jail

UPPER SANDUSKY — Three prisoners in the Wyandot County jail, serving sentences on larceny charges, were taken to Municipal Court here Wednesday and sentenced to new terms on other similar charges.

Fined $15 and costs and sentenced to 30 days for petty larceny were Ronald J. Moore, 23, William Ruby Jr., 19, and George E. Silveous, 19, all of near Upper Sandusky. The new sentences are to run concurrently with terms they are now serving.

The latest charges were filed by Wayne Rothlisberger of near Upper Sandusky.

Ada Worst of Carey, was unable to post appearance bond of $500 and was committed to the county jail. He was charged with non-support on information supplied to the county sheriff's department. His case was continued to 9 a.m. Friday.

Ralph Smiley of Carey was bound to the grand jury on bond of $500, also on a non-support charge. He was unable to post bond and was committed to the county jail. He was arrested by the county sheriff's department.

Charged by Cletus Collet of Carey with assault, Harold Pahl, of near Carey, was released on bond of $50 when his case was continued to Saturday morning. He was arrested by the sheriff's department.

Fined for Liquor Sale

R. D. Howell, 48, of 848 Kenton Ave., was fined $100 and costs in Marion Municipal Court Wednesday on a charge of selling intoxicating liquors without a license.

He was arrested in a raid on his residence by three state liquor agents on May 9. He first pleaded not guilty on May 23 and yesterday changed his plea to guilty.

Margaret Wilson, an 18-year-old girl who opposed King James VII of Scotland for his religious persecutions in 1685, was executed by being tied to a stake in a rising tide until the waters drowned her.

Fire Reports

FIRE CALLS
(Wednesday)

2:10 p.m. in front of 194 W. Columbia St. where a short circuit in wiring of an auto driven by Mrs. Bruce Eastman of 801 Bellefontaine Ave. caused the car to catch fire. A small loss was reported by firemen of the Central station who extinguished the blaze.

GOP Senate Leader Opposing Ike on Foreign Aid Spending

Presidential Request for Powers Hit

White House Would Bid To Woo Satellites Away From Moscow

WASHINGTON (AP) — President Eisenhower wants authority to spend foreign aid money in Iron Curtain countries but wants it separate from the mutual security bill now under Senate debate, Republican congressional leaders said today.

Sen. William F. Knowland of California, the Senate Republican leader, reported the President's stand after the weekly White House conference of key GOP members from the Capitol.

Knowland himself is opposing an amendment, offered by Sen. John F. Kennedy (D-Mass) to put into the foreign aid bill a section allowing the President to spend money in satellite countries if he finds it would help or encourage them on a course independent of Mowcow.

Knowland told a news conference that Eisenhower would support such a proposal if it came up as an amendment to the Battle Act. That law bans U.S. aid to Iron Curtain countries.

Knowland has offered an amendment to strike the provision from the $3,712,000,000 foreign aid bill now before the Senate.

The provision would permit the President, if he deems it in the national interest, to provide financial and economic assistance to any country except the Soviet Union, Red China or Communist North Korea.

The bill survived its first test Wednesday night as the Senate rejected 56-16 an amendment by Sen. William Proxmire (D-Wis) to shift all military aid funds from the foreign aid bill to the regular Defense Department budget.

Proxmire argued that lumping military and economic aid together creates the impression that the foreign aid budget "is three times as large as it is."

Thor Passes Tactical Test By Air Force

CAPE CANAVERAL, Fla. (AP) —The Air Force has shown that its Thor intermediate range ballistic missile development program is well on the way toward meeting its operational objective.

The huge IRBM took another big step Wednesday when it was fired from a tactical launching pad for the first time. The test appeared successful.

The pad, a simply constructed steel platform, was a prototype of the one to be used when the missile is deployed with troops later this year.

Thor squadrons are earmarked for assignment with the Royal Air Force in England by December. Air Force crews are undergoing training now.

Another operational vehicle—the transporter-erector—was used to implace the Thor for firing. A conventional 90-foot service tower housed the missile, however, prior to launching.

Loading and unloading the truck was done by Scott Hale, Peter Porietis, Thomas Quaintance and Dennis Hacker, representing the Emmanuel Luther League.

De Gaulle

(Continued From Page 1)

an independent Algeria. "In all Algeria there is only one category of inhabitant," De Gaulle declared. "There are only Frenchmen of one sort."

With Moslems outnumbering the French settlers almost 9-1, Algerian voting has been heavily weighted to give the French the dominant voice in the territorial government. De Gaulle apparently offered the Moslems a chance to submerge the French in a flood of votes — a prospect the militant colonists were certain to oppose strongly.

He gave no clue to the basis on which future Algerian representation in the National Assembly in Paris would be allotted. Few in Algiers believed it would be on the same population basis as for France, since that could send a massive bloc of more than 100 Moslem votes to the Assembly.

Amnesty Offer Implied

The general's speech also contained an implied offer of amnesty to the rebels who have tied down almost half a million French troops in the expensive, indecisive guerrilla war. He appealed for cooperation from "those who through despair have thought it right to carry out on this soil a fight — which I recognize myself as courageous . . . but which is nevertheless cruel and fractricidal."

Frantic bursts of applause interrupted him after almost every sentence. Moslem men in burnooses and veiled women listened in the crowd as De Gaulle spoke from the same balcony where leaders of the military-civilian insurrection had orated nightly for the last three weeks.

Many of the insurgents who created the French political crisis that brought De Gaulle to power last Sunday are settlers. There was no immediate public reaction from them to De Gaulle's speech.

But disapproval came swiftly from the rebels and their supporters.

In Tunis, a spokesman for the Algerian National Liberation Front (FLN), told a New York Times correspondent the revolt would continue. De Gaulle's program was termed ludicrous by the FLN, the organization that has directed the revolt.

Inmate Escapes Local Institution

Local law enforcement officers were alerted early this afternoon to be on the lookout for a Marion Correctional Institution inmate who escaped about 1:30 p.m. today.

The inmate was identified as Aloysius Avresch who slipped away from an institution garage.

Authorities described the man as being over six feet tall and weighing 174 pounds. They said he has brown hair and is of fair complexion.

SUB

(Continued From Page 1)

courts in Mahoning County held in both cases that present state law permits an unemployed worker to receive simultaneous SUB and state jobless benefits.

Upset Tichenor Ruling

Those decisions upset a ruling by Tichenor that SUB payments are remuneration under Ohio law and must be deducted from BUC benefits.

The two cases arose when the AFL-CIO Steelworkers Union challenged Tichenor's ruling in one lawsuit and Joseph Posey, a Youngstown steelworker, sued Tichenor in another.

The SUB contracts, union-negotiated with employers, are designed to augment state benefits so that jobless workers could receive about two-thirds of their take home pay. Maximum state benefits are $39 a week for 26 weeks for unemployed workers with families.

The SUB contracts cover about 270,000 of the 2,572,000 Ohio workers eligible for state benefits. The workers are mainly in steel, rubber, glass, automotive and electrical industries.

Gov. C. William O'Neill said about 40,000 workers are eligible to receive some 15 million dollars in retroactive SUB payments if the courts clear the way.

Source of Funds

The payments come from funds built up by employer contributions of five cents for each hour an employe works. The money is not deducted from employe earnings.

Tichenor stated that under his ruling he is required to seek recovery of the difference between state-paid benefits and SUB payments made to individual workers. Failure to recover requires him to deduct such amounts from any future state benefits a worker might claim, unless his ruling is overturned by the Supreme Court.

O'Neill has taken no official stand on the SUB question. He has proposed an extension of the state jobless benefit period from 26 to 39 weeks without increasing the weekly maximum payments. A special session of the Legislature later this month will be asked to approve the extension along with action on other matters.

Talks Reopened At Marion Metal

A negotiating session to attempt to reach an agreement on a new contract and settle a six-week-old strike was in progress today at the Marion Metal Products Co.

Company officials, representatives of Local 1281, International Association of Machinists and Irwin Gerard, federal conciliator, entered the meeting at 10 a.m. and were expected to be in session until 1 or 2 p.m.

Some 200 workers at the plant have been on strike since April 28 in a dispute over wage scales and fringe benefits among other issues.

Meanwhile the status of the reported disagreement between the big shop workers union and the officials of the Marion Power Shovel Co. apparently remained unchanged.

Bargaining committees from the company and Local 1949, United Steel Workers of America met Wednesday to discuss the issue but reached no reportable conclusions, company and union spokesmen indicated. A further bargaining session is slated June 11.

The union claims it is working without a contract and the company claims it is operating under terms of a new two-year contract which the union ratified May 3 but rescinded on May 10.

New Officers Are Installed By BPW Club

In a candlelighting ceremony Wednesday night in Delaware Miss Mary K. Miley was installed as president of the Marion Business and Professional Women's Club. Other officers installed were Mrs. Verna Osborne, vice president; Miss Evelyn McCormick, recording secretary; Miss Lodemia Weaver, corresponding secretary, and Mrs. Marguerite Fogle, treasurer. Taking part for Mrs. Fogle, who was unable to be present, was Mrs. Madeline Tatham. Installing officer was Miss Clara Alice Wilson, a past president of the club.

The dinner meeting was held in the dining room at the L and K Restaurant in Delaware with the executive committee, headed by Mrs. Estelle Allen, in charge. Tables were decorated with arrangements of spring flowers and candles. The club collect was read by Mrs. Lois Jean Barnhouse. A short business meeting was conducted by Miss Miley. She announced the leadership training session at the VFW Club in Mount Vernon Sunday. Each member described a favorite vacation or other scenic spot in Ohio. Place favors were travel folders. Introduced as guests were Mrs. Andrew Carbery and Mrs. C. L. Midlam.

Miss Marge Williams was mistress of ceremonies for a humorous feature which was a BPW Club "awards presentation." She was assisted by Mrs. Allen who read the "citations." Small dolls designated as "BeePCees" and labeled with various titles were presented Miss Miley, re-elected as president of the club recently, for "the best continuing performance" and for other appropriate "distinctions" to Mrs. Virginia Greenwood, Mrs. Ethyl Case, Mrs. Florence Vanderhoff, Mrs. Lois Jean Barnhouse and Mrs. Pearle Vestal and Miss LaVern Lash in whose absence the "awards" were accepted by Miss Mary Martha Luke and Mrs. Osborne. Miss Miley was then presented a gift from the club. This was the last dinner meeting until fall.

Marion Area Auto Mishaps

Three persons were injured in one of two Marion County accidents reported today by state patrolmen of the local post. City police reported one accident and sheriff's deputies investigated one.

Officers said the injury mishap occurred five miles east of Marion at the intersection of Routes 95 and 98 at 6:45 p.m. Wednesday.

A southbound auto on Rt. 98, driven by Miss Minnie Winder, 49, of Mount Victory, was attempting a left turn onto Rt. 95 when the car engine stalled and the vehicle was struck by a westbound auto driven by Joan Z. Gandee, 18, of Cardington, patrolmen said.

Injured were: Miss Winder, bruised head; Mrs. Darl Gatchell, 45, of 400 S. Seffner Ave., a passenger in the Winder car, bruised head and nose, and the Gandee driver, bruises of the left side and hip.

Patrolmen said the only one of the three requiring treatment was the driver of the Gandee car. Miss Winder was cited to appear in Municipal Court to answer a charge of failure to yield the right of way.

A state truck working in a construction area on Rt. 95 one-half mile east of Marion Wednesday at 2:40 p.m. backed into the parked car of a highway worker, patrolmen said.

According to the report, the truck was driven by William J. Turner, 29, of Mount Gilead and the auto was owned by Paul R. Drumm, 35, of East Liberty. Minor damage was done to both vehicles.

Car Strikes Tree

One minor no injury traffic accident was investigated early today by Marion police.

A car driven by Donald L. Williams, 19, of 467 Toledo Ave. crashed into a tree in the 500 block on Davids St. at 2:27 a.m. today.

The car was badly damaged but he escaped injury. He told police he fell asleep while driving north along the street.

Motorcyclist Hurt

A 23-year-old Marion man was injured in a traffic accident investigated Wednesday afternoon by the local sheriff's office.

Fred Roth of 443 N. Prospect St. suffered severe cuts and abrasions of the face and arms when his westbound motorcycle went out of control and turned over on County Rd. 100 (Keener Pike) about one mile south of Marion. The accident occurred about 1 p.m.

Mr. Roth was taken to Marion General Hospital where he was reported in fairly good condition this morning.

Vandals Hit Camp

The Rev. Earl Holliday, director of the Maranatha Bible Camp near Big Island, reported to sheriff's deputies Wednesday afternoon that two youths damaged a raft and catwalk at the camp and stole connecting equipment for a bottled gas unit. He estimated damage to the raft and catwalk at $25 and told deputies the connecting equipment was valued at $15.

Theft of a hub cap from his car sometime since Friday was reported last night by Myron Gruber of near Marion.

Annual Senior Breakfast Held For Students at Harding High

The 30th annual senior breakfast of Harding High School, held at the school this morning, was attended by some 300 graduating seniors and members of the school faculty.

Theme of the affair was "Rockets" and the school lunchroom was decorated with models and replicas of earth satellites, the planets, stars and the earth.

Speeches by three class members followed the theme, with the talks likening the launching of a rocket into space to graduation from high school.

Talks were given by Tom Wilson who spoke on the subject, "Preparation for Launching," Martha Vestal on "On the Platform," and Steve Jenkins, the class president, on "Fire! Where!"

Other Speakers

The principal talks were followed by brief remarks in "half-minute club" talks.

One of the speakers was Darl Gatchell, principal, who gave recognition to the honor graduates. Others participating in the short talks were: Barbara Palmer, Miss Philomen Gregg and Supt. Robert S. Brown.

Musical selections were interspersed between the main speeches. They were a piano duet by Margaretann Romine and Ann Dowler and a vocal solo by Dianne Copeland.

At the conclusion of the half-minute club talks, the senior choir members, directed by L. G. Jones, sang the "Chanting Song" which was followed by the entire group singing the class song under the leadership of Pat Fetter.

The program was concluded by the singing "The Lord Bless You and Keep You" for the benediction. The invocation was the singing of the "Lord's Prayer" by Gloria Caprino.

Miss Lurye in Charge

Toastmistress for the affair was Richelle Lurye and the committee which planned it was composed of: Miss Lurye, chairman, Miss Romine, Dennis O'Block, Sue Hufert, James Rish, Peggy Chapman, Judy Cleveland, Sue Elicker and Bill Pfeiffer. Faculty advisers were: Miss Pansy Rauhauser, Mrs. Maxine Green and Mrs. James Harmon.

The breakfast menu was prepared by the lunchroom personnel and was served by the junior girls.

Tornado

(Continued From Page 1)

vin Hendrickson, 38, of Colfax. "The wind was twisting things in the basement. Rain was pouring down on us. The only thing I saw was our water heater standing in the middle of the basement. Everything else was whirling around."

Hendrickson, his wife and three children sat huddled together tightly in the basement as the storm smashed their home.

"I looked up and the house wasn't there," he said. "Wood pieces were flying at us. Then the twister was gone and it was just rain."

Forty persons were admitted to Menomonie Memorial Hospital, where a staff meeting, convened just before the storm hit, found all 11 doctors on hand.

Other physicians were summoned here and to St. Joseph's Hospital at Chippewa Falls.

Seventeen injured remained at the Menomonie hospital, four of them in critical condition. Two of the more seriously hurt were transferred by ambulance to hospitals in Minnesota's Twin Cities, 75 miles west of Menomonie.

21 Treated and Released

The other 21 were treated and released.

At Chippewa Falls, 45 were received with 26 still under treatment.

Scores of the homeless were taken into homes of relatives and neighbors.

Ambulances and police cars rushed whole blood to the hospitals from the Twin Cities.

The tornado smashed into Wisconsin after spawning two tornadoes across north central Minnesota. A score of farms were ravaged, hundreds of trees toppled and lake cottages damaged but there were reports of only minor casualties.

Fulfillment Using New Building for Some Operations

The Fulfillment Corp. of America today announced it has shifted an extension of its operation to a building formerly occupied by the Frazier Manufacturing Co. in the 100 block of S. Prospect St.

Edwin J. Kinter, chairman of the board at Fulfillment, said the firm is using the building for clerical operations and embossing work. He said the building is being leased from Mrs. David Evans for one year with a right of renewal.

Mr. Kinter said the Fulfillment Corp. plans to remodel the interior of the building. The building was vacated by the Frazier Manufacturing Co. when the company acquired a warehouse this spring at the corner of N. State and Quarry streets.

The Fulfillment Corp. decided to lease the S. Prospect St. building after the Jay H. Maish Co. purchased a building at N. Main and E. George streets which formerly was rented by Fulfillment, Mr. Kinter said.

OSUM's Final Exams Slated All Next Week

Summer Classes Start June 19; Application Papers Due on Friday

The first three quarters of operation at the Marion campus of Ohio State University will conclude with examinations next week, Monday through Friday, C. Eugene Maynard, director, reported today.

Final activity in the normal college year will end June 13, the director explained. Summer school sessions are expected to begin June 19.

Mr. Maynard noted that applications for the summer program may be procured in the branch office yet this week. Deadline for returning them is Friday at 5 p.m.

Registrations to date for summer sessions have been received mostly from Marion students enrolled at other universities who wish to obtain additional credit hours during the summer, he said.

The summer quarter will run from June 19 to Aug. 29, if sufficient registrations are received to warrant it, Mr. Maynard explained. The fall quarter is slated to begin about Oct. 1.

Deadline for returning applications to qualify for scholarships in the 1958-1959 college year has been set for June 15, the director said. Approximately 30 scholarships varying in stipends from $200 to $400 will again be awarded, according to Mr. Maynard.

Applications may be procured at the local branch office any afternoon Monday through Friday.

Vacation Bible School Will Be Held at Nevada

NEVADA—The Community Vacation Bible School will begin Monday, June 9 at the Nevada School and continue until June 20. Sessions will be held each morning from 9 to 11 with a closing assembly each morning from 11:15 to 11:30. There will be five departments in the school with Rev. William Bullock serving as director.

Handiwork, music, Bible stories and Bible study and recreation are included in the curriculum. The closing demonstration and display of materials will be held at the Nevada Lutheran Church, Friday, June 20 at 8 p.m.

Children are requested to be at the school promptly at 9 a.m., June 9.

Soldier 'Returns From Dead,' Weds Girl Who Became Nun

FLORENCE, Italy (AP) — A man who returned from the dead wed a nun who obtained the Pope's permission to marry.

Twenty years ago in the central Italian hill town of Falciano, Alba Guidotti, a pretty girl of 15, and Rinaldo Matesini, 16, became engaged.

A year later, in 1939, war came. Rinaldo was called to arms. Before he could wed Alba, he was sent off to Greece.

Word came in a few months that Rinaldo was dead. Alba, grief stricken, entered a Roman Catholic convent and took the vows of a cloistered Benedictine nun.

Rinaldo, however, was not dead. Wounded, he was shuttled from hospital to hospital. In 1946 he returned home to learn Alba had entered a convent.

Eventually he arranged to meet her in the presence of the mother superior of the convent. Alba decided to ask to be released from her vows.

Last November, came the word that Pope Pius XII had granted her the release. It was a long time to wait, but the church considers such dispensation a matter requiring the fullest study.

A month ago Alba and Rinaldo were married in the Falciano parish church. Early this week their story became known to Italian newspapers, and today church authorities at Falciano confirmed that the wedding has the blessing of the Holy See.

Traffic Ticket Requires No Court Appearance

CHATTANOOGA, Tenn. (AP) — "Do I have to go to court on this?" a man asked Police Capt. Kelso Rice as he handed him a printed card which read:

"Thanks for taking two parking spaces. I had to park in the next block, you selfish, idiotic moron."

In smaller type were the words, "You have violated section 368 D. A. M. I. T." Rice explained it was not an official summons—but added that the man shouldn't have taken two parking spaces.

The Dead Sea in Palestine is the saltiest body of water on earth. Second place is held by Great Salt Lake in northern Utah.

Extensive Summer Activities Slated at Galion Child Center

GALION — A busy and profitable summer is ahead for the children enrolled at the Galion Day Child Care Center. A full schedule of summer activities is underway under the direction of Mrs. Sara Beegle, founder of the center.

Chester Stover, principal of the East Elementary School, has been assisting Mrs. Beegle during the first week of the summer program.

The program at the center is set up to develop the mental, physical and emotional aspects of the child. They engage in craft work, modeling, and other constructive activity, in addition to having playground recreational games as well as games inside the building. There also is a rest period.

A few more enrollments can be expected, Mrs. Beegle reports.

Twenty-four of the children at the Center also are enrolled in the East Side Daily Vacation Bible School which opened Wednesday morning.

The summer staff will include James Decker when he returns to Galion from college and Mrs. Bernice Weiland of Grand Rapids, Mich. Mrs. Emory Shaffer will return in the fall after the summer vacation period.

Educator Says Colleges Putting Up False Fronts

GRAND JUNCTION, Colo. (AP)—A leading Colorado educator thinks too much emphasis may be placed on the appearance of colleges and universities.

Quigg Newton, president of the University of Colorado, told a civic group here, "I sometimes think our institutions are too beautiful and give the impression we have everything we need." Newton said he is seeking higher pay for teachers.

SAVED BY SHOE

WISE, Va. (AP)—A capricious wind slammed a door on Willard Fleenor as he was getting an ice cream order from his refrigerated truck. There was an inside lock to prevent anyone being trapped in such a manner—but it was frozen tight. Fleener battered it loose with a shoe after 15 minutes of effort.

Los Angeles Voters Favor New Park for Dodgers

Legality of Land Transfer Still Facing Test in Court

LOS ANGELES (AP) — Walter O'Malley is still erect after the latest effort to yank the Southern California welcome mat from under his Dodgers. But his equilibrium may be submitted to still further tests.

City voters decided in a referendum election Tuesday to let O'Malley build a luxurious new stadium for his ball club in Chavez Ravine, a mile from the heart of downtown.

Latest returns today show 176,605 votes for and 159,028 against. This is with 2,350 precincts of 4,519 reported. The trend is not expected to change.

The results mean O'Malley may get his athletes out of their makeshift playground at Memorial Coliseum sometime during the 1959 season—if.

Faces More Hurdles

If the chubby baseball impresario from Brooklyn can vault a few more hurdles.

There are several lawsuits on file now. They all challenge the legality of the deal permitting the Dodgers to set up shop in Chavez Ravine.

One of the suits was filed in nearby Pasadena on behalf of taxpayer Louis Kirschbaum. He already has obtained a temporary court order restraining the city from transfering its Chavez Ravine acreage to the ball club. Superior Judge Kenneth C. Newell now must grant or refuse an application for a temporary injunction.

Kirschbaum claims the land cannot be conveyed to the Dodgers because there was a deed restriction on it when it was acquired from the City Housing Authority. The restriction provided that the land be used only for public purposes.

City Atty. Roger Arnebaugh was asked to comment on the gravity of the situation.

Some Delay Possible

"It is our considered judgment," he said, "that the contract is legal in all its aspects. But these lawsuits may well cause some delay in the ultimate completion of the project.

"The contract (with the Dodgers) says that in the event we are unable to get the restriction removed or modified the contract will be of no further force or effect. We recognized that the deed restriction would have to be modified. Steps will now be taken to get it modified. It's a matter of working it out with the Housing Authority. They have already indicated they are sympathetic to the proposal that the Dodgers play there, in that it is a quasipublic purpose in itself—for the benefit of all the public."

Season on Frogs To Begin June 16

The law comes in for frog hunters in this area at 12:01 a.m. June 16.

That's the word today from James Thatcher, Marion County game protector, who says he has had numerous calls from area residents wanting to know whether or not it's legal to bag nature's high jumpers yet.

As of the June 16 time, frogs may be taken by any method other than shooting. Hunters may spear, club or net them, or take them by hand. And they may use lights.

Mr. Thatcher also noted today that it is unlawful to take up young animals to be kept as pets. In this category are rabbits, racoons, opossums, deer and all types of birds.

Akins Battles Martinez for Welter Crown

ST. LOUIS (AP)'— Whether a slugger or a boxer will wear the welterweight champion's crown will be decided Friday night.

The contenders are Virgil (Honeybear) Akins of St. Louis, who likes to win by bombing his victims to the deck, and Vince Martinez of Paterson, N. J., who is an exponent of fancy work and has admitted that back pedaling has hurt him in fights. But he does outnumber Akins in knockouts, 31-27.

Even so, Akins is considered one of the heaviest hitters in the welterweight field.

Akins' manager, Eddie Yawitz, a St. Louis druggist, says his boy will end it within nine rounds.

The prediction in Martinez' camp is that Vince will win with a decision or "by a knockout if he gets the right shot," as Manager Bill Daly said.

Akins is a slight favorite over Martinez for the 147-pound title vacated by Carmen Basilio. Carmen will be a spectator at the fight and may challenge the winner. Basilio vacated the title, then won and lost the middleweight crown to Sugar Ray Robinson.

Bob Grim of the New York Yankees was the last American League pitcher to win 20 games in his rookie season. He won 20 and lost 6 in 1954.

Reds Belted By Dodgers On 3-Hitter

LOS ANGELES (AP) — There were two things the Los Angeles Dodgers had today that they didn't have Wednesday—(1) Chavez Ravine, or a portion thereof, and (2) their first victory over Cincinnati's Redlegs—a three-hit 3-0 shutout.

At the moment at least, perhaps point No. 2 loomed more definite and sweet: certainly, there was a feeling that with more of the likes of Johnny Podres' virtually airtight hurling, the Dodgers might eventually rise from the cellar.

Collect 3 Singles

Only Redleg hits of the night were singles by Johnny Temple, to open the game; by Don Hoak to open the second inning, and by Roy McMillian with two out in the fifth. Two more visitors walked—and thus did Podres rack up the first shutout in 24 games in the Coliseum, and his fifth win against four defeats.

Until McMillan bounced his hard single over third in the fifth, Podres retired 11 men in order. John Klippstein, in turn, found his season's record evened up at 2-2.

Klip lasted 2 2-3 innings—long enough to feed a booming triple to Carl Furillo to open the second, then with two down, another three-bagger to Charley Neal to score Furillo. Don Zimmer singled sharply through the middle to put his mates two-up.

Neal Belts Homer

Turk Lown succeeded Klip to the mound—and in the fourth watched as Neal lofted a homer over the left field screen just inside the foul pole. Tom Acker hurled the next three innings, getting two Dodgers on strikes and holding them hitless.

Charley Rabe came on in the eighth, yielding singles to Junior Gilliam and pinch-hitting Pee Wee Reese. Gino Cimoli batted for Duck Snider and with the count one-and-two, Willard Schmidt relieved Rabe. Cimoli went down swinging and Furillo grounded into a double play to end the threat.

Club Plans Road Run

Preliminary plans for a road run in the near future were discussed Tuesday night at a meeting of the Road Eagles Hot Rod Club. Twelve members attended the meeting held at the club's garage.

Club members will meet Saturday at 8 a.m. to complete a painting project on the garage. Membership has been reopened to anyone interested in becoming a member.

FAMILY GATHERING. Ryne Duren, Yankee pitcher, and his 8-year-old son, Steve, strike a bespectacled father and son pose at Yankee Stadium prior to the Yanks' Wednesday battle with the White Sox. Duren is in his first season with the Yankees and he's making his mark as a fireballing relief specialist. (UPI Telephoto)

Snead Shoots For Repeat in Play at Dallas

DALLAS (AP) — Sam Snead, sneaking to repeat; Ken Venturi, top-rated as usual, and Billy Maxwell, playing golf as torrid as the weather, were eyed today as the $25,000 Dallas Open swung into the 72-hole grind.

A field of close to 100 moves out over the 6,500 - yard course with Snead, confident he could win his second Dallas open in a row, the No. 1 favorite. He had consecutive 3-under par 67 in his tuneup rounds.

Venturi also showed consistently fine golf and Maxwell had a blazing 64 in Wednesday's pro - amateur.

Gene Littler, Art Wall, Ernie Vossler, Mike Souchak, Bill Parker, Tommy Bolt, Cary Middlecoff, Julius Boros and Bunky Johnson were others of the touring pros to massacre par in the pro-amateur. Littler had a 64 to tie Maxwell for first money.

Other top shot - makers in the field include Doug Ford, Ed Oliver, Roberto De Vicenzo, Dow Finsterwald, Al Besselink, Don January, George Bayer, Fred Hawkins, Fred Haas, Howid Johnson, Doug Sanders, Chick Harbert, Gary Player, Bo Wininger, Bob Rosburg and Mary Furgol.

Green Camp Clips Pleasant Nine 10-3

Green Camp bumped Pleasant 10-3 Tuesday night in a Marion County Baseball League game at the losers' diamond. The game was called at the end of five innings because of darkness.

Peacock, Baker and Miller shared the pitching for Pleasant. The trio struck out seven and walked seven. Biggerstaff and Peacock handled the catching. Flach went all the way for Green Camp, striking out seven and giving up two walks. O'Hara was his catcher.

Green Camp picked up only four hits off the three Pleasant hurlers but was aided by seven Panda errors. O'Hara was the top hitter for the winners with two for four including a double. Leading Pleasant's six-hit attack were Bob Bernow with two for three and Gene Massie and Bob Miller with triples.

Bosox Fall 7-5

Homer by Harrell Ends Tribe's Skid

BOSTON (AP)—The famine is over and maybe a feast will start now.

Anyway that's what the Cleveland Indians hoped today as they met the Boston Red Sox in the finale of a three-game set. The Tribe ended its four-game losing streak with a four-run burst in the 10th inning Wednesday, providing a 7-5 triumph.

Billy Harrell, who hit a two-run homer in the 10th, and Hoyt Wilhelm, the knuckleball relief artist, were the heroes for Cleveland.

Williams Gets Single

Wilhelm, who came into the game in the sixth inning, pitched hitless ball until Ted Williams batted out an infield single in the 10th. Dick Gernert then smashed a home run above the left field wall, cutting Cleveland's apparently safe 7-3 margin by two runs.

Trailing 3-0 after five innings and headed for a fifth straight loss, the Indians nicked Boston's Frank Sullivan for a single run in the sixth frame.

Back-to-back doubles by Minnie Minoso and Mickey Vernon scored one more in the seventh. When Rocky Colavito ripped a single to center, Vernon crossed to make the score 3-3.

The Red Sox had roughed up starter Ray Narleski, scoring three runs in four innings. A walk to Jimmy Piersall with the bases loaded brought in the first tally in the second. Frank Malzone's singles and Jackie Jensen's 10th homer added two more in the fourth inning.

Wilhelm Opens Rally

The Indians launched their four-run spree in the 10th when Wilhelm, usually a weak hitter, singled to right field. After Chico Carrasquel popped out, shortstop Harrell belted his homer, his fifth of the season.

Dick Brown, Bobby Avila and Roger Maris followed with singles—all off loser Dick Sisler. Brown scored on Maris' single and Avila raced home when catcher Berberet muffed a throw from the right fielder.

The Indians tabbed Gary Bell the hard-throwing, 21 - year - old righthander recalled last week from San Diego, to start today against Bob (Riverboat) Smith, a southpaw who has picked up two of his three victories against Cleveland.

Jaycees To Sponsor Golf Tourney for Youths Here

The Marion Junior Chamber of Commerce golf tournament will be held Tuesday June 17 at Marion Country Club.

The tournament, to decide Marion County's entry in the state Jaycee event, is open to any Marion County boy who will be between 14 and 18 as of Aug. 15. The event will be 18-hole medal play with no handicap.

Deadline for entries will be midnight June 12. Entry blanks may be obtained at both golf courses and at the Vance Sporting Goods Store. An entry fee of $1.50 will cover the cost of green fees and a lunch following the matches. It should be included in the entry blanks which should be mailed to Scott Abell at 482 King Ave., or turned in to Jack Stoddard, Country Club pro.

Mr. Abell is chairman of the Jaycee Sports Committee and director of the Marion County tournament. He is being assisted by Bob Hughes, Orman Salyer, Paul Kincaid and Carrol Wynn.

Trophies will be awarded to the first and second place finishers with ribbons going to the next 10 places. Winner of the county-wide event here will represent the county at the state meet to be held at Toledo on July 20. The state champion will move into the 13th International Jaycee Junior Amateur Golf Championships to be staged at Tucson, Ariz., Aug. 18-23.

Starting times for the various entries will be posted Sunday, June 15 at the Country Club pro shop. Under USGA rules, a two-stroke penalty will be assessed for delay in starting.

Transportation to and from the course will be furnished for those needing it. Arrangements may be made by calling 3-2553 or 2-8765 All golf equipment must be furnished by the players but carts will be available at the course.

Gene Sarazen Favors Young Stars in Open

NEW YORK (AP) — Ageless Gene Sarazen likes a three-way youth parlay in the National Open Golf Tournament next week—Arnold Palmer, Ken Venturi and Billy Casper.

"I'd have to pick them 1-2-3 and let you choose the order," the 56-year-old golfing squire said today, taking a brief respite from his upstate cattle farm. "If I had to choose a fourth man it would be Jimmy Demaret.

"But I can't see it as a year for the Old Guard—Ben Hogan, Sam Snead or Demaret. They're nearing 50 and that means their knees are beginning to buckle."

Sarazen, who shot rounds of 68 and 72 at the Westchester Country Club earlier this week to qualify for his 33rd U. S. Open, said knees are the first thing to go for the aging golfer.

Sarazen hopes his own knees hold up for an intensive summer golf campaign which includes his 13th campaign overseas.

Cards Continue Climb

Braves Sink Giants, Hike NL Margin to Full Game

By The Associated Press

Things haven't looked this good for the Los Angeles Dodgers in a long, long time. They've gained voter approval for the Chavez Ravine deal, Johnny Podres has junked his four-game slump with a three-hit shutout and those Braves are coming to town.

The Dodgers are still in the cellar, but it's only a 4½-game spread to third place after Wednesday night's 3-0 job on Cincinnati. It was the first shutout of the year for Podres, who led the majors with six last season.

Win in 11 Innings

The Braves, again drawing a near-capacity crowd, moved into a one-game lead over second-place San Francisco by beating the Giants 10-9 in 11 innings. St. Louis whipped Pittsburgh 6-3 and gained a virtual tie for fourth place with Chicago. The Cubs bombed Philadelphia again 11-5 with Ernie Banks belting his 15th and 16th homers, high in the majors.

A pinch-hit single by pitcher Warren Spahn clinched it for the Braves off losing reliever Stu Miller (1-3). Down 7-1 after three, they tied it 7-all in the ninth as Wes Covington belted a three-run homer on the first pitch from reliever Pete Burnside — who was sold to Phoenix a few hours later. The two clubs swapped two-run spurts in the 10th. The Giants got theirs after two were out on consecutive pinch homers by Hank Sauer and Bob Schmidt off winning reliever Ernie Johnson (2-0).

Musial Hits 10th

Stan Musial hit his 10th homer and Ken Boyer rapped a two-run, inside-the-park homer for the Cards against Ron Kline (6-5). Jim Brosnan (6-4) won his third straight, with relief help, since coming to the Cards from the Cubs May 20. He gave seven hits, three by Frank Thomas, who hit his 14th home run.

Both of Banks' home runs came with a man on for the Cubs, his second an inside-the-park belt as the Phils' Richie Ashburn crashed into the center field wall. Moe Drabowsky won his third with a 10-hitter, including two-run homers by Solly Hemus and Rip Repulski, while Robin Roberts lost his sixth in 11 decisions.

Kuenn Suffers Eye Injury in Tigers' Defeat

By The Associated Press

What more can happen to the Detroit Tigers? Now they may have lost Harvey Kuenn, their leading hitter, for a spell and they've plunked back into the American League cellar.

Kuenn's injury and the dip to eighth place came in the same instant Wednesday night. The onetime all-star shortstop who has switched successfully to center field this season suffered severe gashes near his right eye when he crashed into the wire fence in Baltimore on a futile try for a two-run homer by Gus Triandos that gave the Orioles a 6-4 victory.

Kuenn, 27, leading the injury-hobbled Tigers with a 341 batting average, underwent plastic surgery. His eye appeared to escape injury, but a doctor declined to say whether he would be able to play tonight.

The Chicago White Sox, meanwhile, ended their scoreless nonsense and beat the New York Yankees 7-2. Second-place Kansas City, 7½ games behind the Yankees, defeated Washington 5-4, and Cleveland beat Boston 7-5 in 10 innings.

Southpaw Billy Pierce pitched a five-hitter against the Yankees and fanned six to wrest the strikeout lead from New York's Bob Turley, 55 to 53. Pierce also doubled in a two-run third against loser Tom Sturdivant (1-3) that ended a string of 32 scoreless innings for the White Six, who had not had a hit in the last nine.

Yogi Berra and Mickey Mantle homered, the seventh for each, for the Yankees, whlie Don Mueller's two-run pinch single cracked a 2-2 tie in the seventh.

Mike Baxes had four singles in four trips and drove in the last two runs for the A's at Washington. Jack Urban won his fifth, with relief help, while winless Al Cicotte lost his third.

Race Card Scheduled

Stock car racing is on tap again Friday night at the Richwood Speedway, with Truman Redinbaugh of Delaware, winner of the quarter-season trophy, to be one of the participating drivers.

A six-race card is planned, with time trials to get under way at 7:30 p.m. and the first heat race getting the starter's flag at 8:30. The speedway is located on the Richwood fairgrounds.

People We're Proud To Know

Mrs. Chester C. Roberts

By JUNE ROSEBERRY

Although she has a long record of service to her community, Mrs. Chester C. Roberts is prouder of the family she has reared and of her 10 grandchildren than of any of her civic achievements.

This 74-year-old lifetime resident of Marion has many rich experiences to look back on, but is not content to reminisce only on the past. She lives in the present and for the future.

Her husband's unexpected death in 1945 left her a widow, and as she says, "I had to build a new life."

In this she has succeeded by taking an even more active interest in her community and family. Neither appearance nor action bespeak her age. And despite living alone in an apartment, she seldom finds time to feel lonely, being surrounded by a wide circle of friends.

—:—

BORN IN MARION on Dec. 21, 1883, Mrs. Roberts is not the least hesitant in disclosing her age. The mother of three sons spent a colorful childhood at her family home. It stood where Eber Baker Junior High School now is located —at the corner of W. Church and Orchard streets.

The stately residence was the home of her parents, George Christian and Lydia Morris Christian, for 41 years, until it was razed to make way for the school. Both parents, now deceased, were natives of Marion County.

Reflecting on her childhood, Mrs. Roberts vividly recalls the Civil War stories her father would tell from his experiences as a drummer boy. Perhaps from these early contacts with history stems her interest in historical novels.

While a child she also enjoyed three family trips to Florida, a long distance to travel in those days. Since then, she has visited most of the states in the union. Glacier National Park is remembered as one of the most enthralling sights of her tours.

Mrs. Roberts attended National Park Seminary in Forest Glen, Md., after graduation from Marion High School. She recalls with amusement that she wore puffy-sleeved blouses, long skirts and pompadours, then the vogue. This attire was familiar, too, when she attended class at the old Central School where the W. Center St. shopping center now is located.

A chance introduction to a young man who came here to manage his family farms led to the exchange of marrige vows with the youth, Chester Roberts on April 20, 1918.

—:—

AN ARMY CAPTAIN at the time of their marriage, he later was commissioned a major while he and his wife were living at Camp Gordon near Atlanta, Ga., where he was stationed. He was well known in Marion later as president of the Marion-Reserve Power Co., which later became part of the Ohio Edison Co.

Mrs. Roberts had long been a sports fan, but rearing three boys and sharing her husband's interests made her an even more ardent sports admirer. Her enthusiasm dates back to that of her brother George Jr., now deceased. Mr. Christian reached considerable prominence during his life by serving as secretary to Warren G. Harding during his terms in the Senate and the presidency.

A sister, Mrs. Fred Dombaugh, now resides at the Masonic Home in Springfield. She and her husband formerly lived at the Warren G. Harding Home here. Mr. Harding was a close family friend.

Mrs. Roberts' three sons, all veterans of the U.S. Navy, are graduates of Harding High School where they were outstanding in sports as well as other activities. Today, all three are married and have children. Frank resides in Palo Alto, Calif., John in North Manchester, Ind., and Charles in DeKalb, Ill. One of her chief enjoyments is visiting her families. Having a car of her own, she makes many trips by auto.

To any visitor in her home it is obvious that Mrs. Roberts has grandchildren. Pictures of the youngsters, ranging in age from two months to 11 years, are scattered throughout her attractively furnished apartment on S. Vine St.

—:—

NOT CONTENT to contribute to her community only as a homemaker and mother, Mrs. Roberts early became engrossed in civic affairs, too.

She has grown with the city in trying to help solve health and library problems and serving on the Woman's Hospital Board. An active member of the hospital board since 1930, just last month she retired to associate membership. She held the board presidency and many other positions during her tenure.

"My pet is the library board," she said.

Miss Janet Berg, librarian at the Carnegie Public Library, says of Mrs. Roberts: "She is a conscientious worker always engrossed in the welfare of community institutions and the happiness of people about her."

A member of the library board since 1942, she currently is serving as secretary. Asked if she ever was president of the group, she replied humbly, "Of course, but only because we were taking turns."

She was appointed to the city health board in 1942 by Mayor Russell Snare. She still holds this post, having been re-appointed by succeeding mayors.

A member of First Presbyterian Church since the age of 12, she was a Sunday School teacher there during early years of adulthood.

—:—

OTHER ORGANIZATIONS in which she has held membership and still plays an active role are: American Legion Auxiliary, of which she is a charter member; Marion County Jury Commission; Marion County Tuberculosis and Health Association, in which she is a member of the board of directors, and the Women's Club, affiliated with the Marion County Federation of Women's Clubs.

Her longest period of activity has been with the Women's Club. She has been a member for 33 years, and has just completed serving four years as a trustee to the federation.

Of her civic interests and positions, Mrs. Roberts declares: "I feel they have done more for me than I for them." Every experience she deems an adventure in learning. A philosophy which has guided her through many years is to "meet each day as it comes."

After spending her lifetime here and seeing Marion grow from a population of 12,000 to its present size, this congenial mother and grandmother looks upon her community as a good place to live. Revealing her easy sense of humor, she commented: "I think it's a nice town even though the roads are rutty."

Claridon School Holds 31st Annual Dinner for Alumni

Approximately 125 members and guests attended the 31st annual Claridon alumni banquet Saturday night at the school. A potluck supper was served.

Miss Carole Lusch, president, extended the welcome to the 1958 graduates and giving the response was Gene Zachman, class president. A. B. Augenstein, superintendent, gave a short talk and introduced members of this year's graduation class. Four of them were second generation graduates. They included Nancy Earl, daughter of Mr. and Mrs. George Earl; Nancy Ruth, daughter of Mrs. Vesta Ruth; Diana Smith, daughter of Mr. and Mrs. Harold Smith, and Gary Fields, son of Mr. and Mrs. Royal Fields.

Guest speaker for the program was Dr. Richard Gay, directetor of religious education at Ohio Wesleyan University. Also included in the program were selections by a trumpet trio composed of Glen Beers, Gary Fairchild and William Born, accompanied by Miss Margo Thompson, and a hat style review. The program was arranged by Mrs. James Ruth.

Roll call of classes was read and special recognition was given members of the class of 1933 on their 25th anniversary.

Officers for the new year were elected and include Mrs. Eugene Yazel, president; Miss Margaret Howser, vice president; Mrs. Stephen Lemke, secretary; Kenneth Smith, treasurer; Mrs. Larry Greenwood, program chairman; Mrs. Clifford Strine, finance chairman; Mrs. Jane White, decoration chairman; Mrs. Charles Smith, refreshment chairman, and Miss Rita Loyer, nominating chairman.

Plans were made to have a potluck supper at next year's reunion.

FFA Delegates Picked By Chapter at Upper

UPPER SANDUSKY—The Upper Sandusky FFA Chapter has selected its delegates to the State FFA Convention which opens today on the Ohio State Fairgrounds. Named delegates were Chapter President Kenneth Miller and Edwin Schoenberger.

A. J. Bishop, of the Harpster and Salem chapters, and John L. Borton, adviser of the Upper Sandusky chapter, will receive the state farmer degree.

Jabbering Pays Off

FAYETTEVILLE, N. C. (AP)—"Mother," said Mrs. J. C. McCauley's son, "here's a time for you to get something for all that jabbering you do."

So the 49-year-old grandmother gabbed 28 hours, 44 minutes in station WFLB's talkathon race for $1,500 in prizes and broke the 27½-hour world record claimed by Mrs. Louis Grant, 27-year-ld secretary who quit Tuesday afternoon.

Mother of Two in Dayton Wins Speed Trap Battle With Police

DAYTON, Ohio (AP)—You can carry signs in Dayton warning motorists of a radar speed zone ahead and it won't be considered interfering with the duties of officiers, Dayton officials have decided.

The decision was a victory for a 22-year-old Dayton mother of two who thinks radar traps are sneaky. She was arrested May 22 for carrying such a sign.

But when the woman, Mrs. Marjorie Steinway, appeared in Municipal Court Wednesday to face the interference charges she was met by the city prosecutor, William P Keane, who handed her a formal release and a $1 bill.

The release read in part: "I, Marjorie Steinway, for $1 and other valuable considerations, do hereby release and fully discharge all members of the Dayton police department from all action and claims growing out of my arrest."

Police said the woman had been found ahead of their radar zone carrying a sign saying "Speed trap ahead." They cited her for interfering.

Capt. C. W. Martz, head of the traffic section, said, however, he felt Mrs. Steinway was actually aiding police. All police want to do is slow down speeders, not arrest them, he asserted.

Rev. Duffy, Bataan Survivor, Former Legion Chaplain, Dies

SAN FRANCISCO (AP) — The Rev. John E. Duffy, former national chaplain of the American Legion, died Wednesday in the Army's Letterman General Hospital here.

Father Duffy, one of those on the infamous Bataan "Death March" in World War II, had been in the Army hospital since early April.

Prior to his hospitalization he was pastor of the Our Lady of Lourdes Catholic Church at New London, Ohio.

Death was attributed to cancer.

He left a sister, Mrs. Dorothy Vogel of Ford Rd., Carmel Valley, Calif.

Father Duffy was bayoneted on the death March and was left to die. Filipinos rescued him. He later joined Throp's guerrillas and was with them until 1943 when he was recaptured by the Japanese. Two Japanese ships he was on were torpedoed and sunk. He escaped and once stayed for two weeks in a fish pond during the daytime to escape his pursuers.

Mrs. Lola Grounds, mother of three children, was recently elected mayor of Sutton Coldfield, an industrial town near Birmingham, England. Mrs. Grounds is one of Europe's top-ranking racing drivers.

Tim Tam Seeks Triple Crown in Belmont Run

NEW YORK (AP)—Tim Tam probably will be one of the shortest priced favorites in the history of the Belmont Stakes when he goes after a triple crown grand slam Saturday. But the Calumet Farm isn't forgetting what happened to Pensive in 1944.

With most of his Kentucky Derby and Preakness rivals scattered in search of easier pickings, it looks as if the Calumet colt will have about six opponents in the $100,000-added 3-year-old classic.

Early odds listed Tim Tam at 1 to 10 to capture his ninth straight race for Mrs. Gene Markey's Lexington, Ky., thoroughbred empire. In 1944, however, Calumet's Pensive missed a triple crown as the 1 to 2 favorite.

"You get a lot of rude awakenings in this business," said trainer Jimmy Jones, who finally announced he had decided to stick with jockey Ismael Valenzuela. Valenzuela was selected to ride Tim Tam after his regular booter, Bill Hartack, broke his leg a week before the Derby.

Only eight horses have won the coveted triple crown. The last was Calumet's Citation in 1948. Calumet also won the three big classics with Whirlaway in 1941.

Fights Last Night

West Jordan, Utah—Jo Miceli, 147, New York, knocked out Jay Fullmer, 140, West Jordan, 3.

Albuquerque, N.M. — Jimmy Martinez, 158, Glendale, Ariz., outpointed Jim Hergerle, 158, St. Paul, 10.

Richwood Nine Beaten

MARSEILLES — The Marseilles softball team downed Richwood 9-2 Wednesday night in a non-league softball encounter at the losers' diamond. Bob Strahm was on the mound for the winners and gave up just three base hits. His mates backed him up with an eight-hit barrage. Sherm McKinnis smacked a bases loaded triple and Ray Swavel blasted a two-run homer to lead the winning attack. Marseilles will meet Parsell TV in Upper Sandusky League play tonight.

Acquitted of Charge

PORTSMOUTH, Ohio (AP) — William Potee, 61, charged in connection with his operation of a bingo game just outside nearby Wheelersburg, was acquitted in Portsmouth Municipal Court Wednesday. The prosecution failed to prove the game was operated for his personal profit. State law provides bingo is illegal only if conducted for the operator's profit.

Douglas Wins Sixth for Jets, Downs Royals

By The Associated Press

The Toronto Maple Leafs aren't fooling around in the International League. And no one knows it better than their arch rivals, the Montreal Royals. They can feel it in the IL standings.

The Royals lost their sixth game in the last seven Wednesday night as Columbus took them 3-1, the third in a row for the Jets over the league leaders.

Toronto moved to within a game of first place with a double-header victory over Richmond, 1-0 and 6-5 in 10 innings, while third place Rochester stayed two games out, losing to Havana 7-4. Last place Buffalo edged Miami 3-2 in 11 innings.

Whammy Douglas did exactly as his name connotes, as he held Montreal to four hits, three by Sandy Amoros, who bagged a single, double and triple. The Jets scored once in the first on a walk stolen base and two singles, and two more in the third on three consecutive singles.

Douglas notched his sixth victory, while Columbus moved within four games of first place with its fifth win in six games.

Clark Metal Nine Defeats Alloy 4-3

In a Pony League game that went into extra innings Wednesday night, Clark Metal edged Alloy 4-3.

The count was knotted at 3-3 at the end of regulation play. Clark got the winning run in the eighth to sew up the win.

All told, the winners got four runs on nine hits, with Jaycox the winning pitcher. Alloy, scoring three times on 10 safeties, sent Cudd and Merchant to the hill, with Cudd charged for the defeat.

Alloy led 2-1 going into the sixth, when Clark chased across two runs to lead by a 3-2 count. Alloy came back with one run in the seventh to send the game into an overtime. Clark made two errors, all told; Alloy was guilty of a trio of boots.

Winning pitcher Jaycox struck out nine Alloy batters en route to the win. Cudd worked six innings for Alloy and fanned seven Clark stickmen before giving way to Merchant for the final frames. Four whiffs were credited to the latter.

Cudd was credited with a double for Alloy, with Merchant getting a triple. LaSeta tripled for the Metalists, then followed up with a homerun. Wolf also poled a four-bagger for the victors.

Wilhelm's, MPS, County Bank Nines Win Little League Tilts

In a pair of National League games in Marion Wednesday night, Wilhelm's Little League nine edged Schiff's 6-5 and MPS trounced Fahey Bank 16-6. Marion County Bank outlasted Mac's Trading Post 14-12 in an American loop encounter.

Wilhelm also topped the Schiff nine 3-1 in a continuation of a game called Monday night an account of the curfew rule.

In the regular Wednesday contest, Wilhelm scored six runs on two hits to edge the Schiff crew. The latter got five runs on five hits.

Penix went the route for Wilhelm, Roseberry was the loser.

Wilhem scored three runs in the first, added one in the third and a pair in the fourth. Schiff's managed one in the second, three in the third and one in the fourth. The game was called because of the curfew, but not before Wilhelm's Hamilton had driven in the winning run in the bottom of the fourth.

Worthington and Roseberry doubled for Schiff's. Hamilton turned the trick for Wilhelm. Schiff's Fry was credited with a triple.

MPS scored seven runs in the first inning, added three in the second, three more in both the fourth and fifth to defeat Fahey Bank handily, 16-6. Their runs came on 11 hits. Fahey got six for six, tallying one in the first, once in the third, thrice in the fourth and once in the fifth.

Reish was the winning MPS hurler. Ballinger was nicked for the defeat.

Big man at the plate was MPS's Flesher, who walloped a brace of home runs. He is the National loop's leading hitter and round trip swatter. His clout in the second came with one on. In the fifth, he scored behind two base runners.

Saunders and Reish both doubled for MPS. Anderson and Haberman did likewise for Fahey Bank.

A scoring marathon highlighted the Marion County Bank - Mac's Trading Post game, with the Bankers cashing in on six hits for 14 runs to down their adversaries 14-12. Mac's made 12 runs on 11 hits but lost the handle on the ball 13 times to contribute to their downfall.

The Bankmen, with Brammer, Collins and Clemons parading to the hill, allowed Macmen to score twice in the third, four times in both the fourth and fifth frames and twice in the sixth. Brammer got credit for the win.

Mac's sent Crist to the rubber, then yanked him for Caudell, with Crist the loser. Marion County shoved four runs over in the first, added six in the second, two in the third and a pair in the sixth.

Star hitter of the game was Mac's Pereze, whose four sojourns at the plate provided a triple and a double, driving in four runs. Caldwell drove in three runs on a double for the victors.

Crash Victim Dies

CANTON, Ohio (AP) — Mrs. Erwin Lewis, 49, of North Canton, died in Aultman Hospital Wednesday night, the second fatality resulting from a two-car Memorial Day eve crash.

Port Tobacco, Md., was really named for Indian Queen Potopaco. But it sounded like Port Tobacco to early white settlers.

Fullmer Falls To Miceli in Utah Feature

WEST JORDAN, Utah (AP)—Veteran Joe Miceli gave young welterweight Jay Fullmer a rude welcome to big - time boxing Wednesday night, scoring an automatic third-round knockout.

Miceli weighed 147 to Fullmer's 140. It was the first time former middleweight champion Gene Fullmer's 21-year-old brother had lost in his professional starts.

Fullmer was wary of Miceli's left hook from the start of the nationally televised bout. He had reason to be. The 29-year-old New Yorker, a veteran of 96 professional fights, calmly waded into Fullmer's brief rushes in the first two rounds, watching for an opening.

He found it in the third and belted Fullmer into the ropes with a vicious left hook. Fullmer didn't actually hit the deck as he floundered for his footing, but Referee Ken Shulsen counted it as a knockdown and waved Miceli away.

Fullmer came right back into another left that sent him to the canvas in a slow sag.

As the young West Jordan boy got up, glassy-eyed, he waded into a left uppercut that sent him sprawling.

Under Utah boxing rules the third knockdown in a round calls for an automatic knockout. The time was 2:09 of the third.

Fullmer was ahead on points, 28-26, when Miceli finished him off.

Takes Wooster Post

WOOSTER, Ohio (AP)—Roman Majerczak, 29, former Lincoln High School and Ohio Wesleyan star athlete, is the new athletic director and head football coach at Wooster High School.

Local 1949 Retains Top Spot In Industrial Loop No. 2 Chase

In Industrial League No. 2 softball play Wednesday night, Local 1949 maintained its first - place standing with an 8-3 win over Erie. Local 750 hammered Goodrich 21-5 and Eaton turned back Telephone 9-5. Local 750 and Eaton are deadlocked for second place in the loop with 3-1 records.

Local 1949, with Gary Meister pitching and Taylor catching, scored a pair of runs in the first inning and six in the third to gain the victory. In all, Local stickmen pounded five hits. However, they were guilty of seven bobbles.

Erie managed one run in the third and two in the fifth, all on two hits. Carr and Gruber were the battery.

Three Local errors gave Erie its run in the third. Two more boots, a brace of hits, a fielder's choice and a wild pitch allowed two more in the fifth.

The victors got their six in the third on two hits, four walks, an error, two stolen bases and a pair of fielder's choices.

Local 750 teed off on Goodrich hurler Stout early, scoring five runs to get things started. The winners posted nine more in the second, a pair in the fourth and five in the fifth. All told, the winners had 21 runs on 14 hits.

Goodrich posted a run in the second, two in the third and two in the fifth. Ault was the Goodrich receiver. Floyd Darnell and Lichty furnished the Local 750 battery.

Local's Sloat and Garrison both were three for three at the plate, each with a home run. Stout doubled for the Goodrich nine.

Eaton scored three runs in the first and four in the second to take an early 7-0 lead en route to victory over the Telephone crew. The victors had nine runs on seven hits and made two errors. Lang and Ferriman was the battery.

Telephone made five runs on six hits. They scored twice in both the fourth and fifth innings, then added a single run in the seventh. McJunkin and Taylor were the battery.

Eaton got three in the first on Dutt's double, a free pass and three errors. Four more came in the second on a trio of safeties, a stroll and a bobble.

Allman, Dutt and Weber each posted two hits apiece for the Eaton nine.

With Local 1949 on top of the standings, and Local 750 and Eaton deadlocked in second, Telephone and Fairfield are tied for fourth place with 2-2 marks, while Erie is sixth, 1-3, and Goodrich in the cellar, 0-5.

Succeeds Supt. H. U. Cope

W. M. Root Is New Head Of Upper Public Schools

UPPER SANDUSKY — Upper Sandusky has a new superintendent of public schools, the village board of education announced Wednesday. William M. Root, 36, a native of Middleport, O. will succeed Harold U. Cope who recently expressed his wish to step down from the post but continue teaching.

Married and the father of three sons, 5, 7 and 9-years of age, Mr. Root graduated from Middleport High School and entered Ohio State University in 1939. He earned his degree of bachelor of science in education in 1943. At the university he was a member of the marching band for four years, the symphonic band for three years, and the symphony orchestra for two years. He also played first trombone for two years with the Columbus Symphony Orchestra.

After graduation Mr. Root served three years with the U.S. Army Air Force in World War II. He is a member of Kappa Kappa Psi and Phi Mu Alpha, honorary music fraternities.

Mr. Root took his first teaching job at Fredericktown, where he remained from 1946 to 1948 as a teacher in vocal and instrumental music. He earned his master's degree from Ohio State in 1950 and served as a supervisor at the school for three more years.

Late in 1953, Mr. Root was made coordinator of pupil personnel in Mount Vernon schools. After two years he was granted a leave of absence to work on his doctor's degree in educational administration at Ohio State University.

In the fall of 1956 Mr. Root returned to Mount Vernon as assistant superintendent of schools, the post he now holds. He will receive his doctor's degree this month.

Airman Found Shot to Death

Body of Indiana Man Is Discovered in Ohio

RAVENNA, Ohio (AP) — The bullet-riddled body of John W. Moore, a 20-year-old Indiana airman stationed at Loring Air Force Base in Maine, was found alongside a Portage County road near here Wednesday.

The coroner said there were two bullet holes in the victim's head and that he had died some 18 hours before the body was discovered.

Moore was identified as being from Terre Haute, but a check there showed his parents had moved Wednesday to Plymouth, Ind. They were not immediately located.

Officers sought to find out if Moore had been driving an automobile. They theorized the tall, slender airman may have been shot and robbed by a hitchhiker who then fled in Moore's car.

Accidentally Shot

CHARDON, Ohio (AP) — Jack O'Brien, 19, former football quarterback at Cleveland St. Ignatius High School in 1956, was accidentally shot to death by a friend, Jack Winterich, 18, of Cleveland Heights Wednesday. The shooting, with a .22 caliber rifle, occurred on a farm in nearby Novelty.

Galion Priest To Celebrate 25th Anniversary on Sunday

GALION — The Rev. Kenneth A. Hans, pastor of St. Joseph's Catholic Church here will observe the 25th anniversary of his ordination to the priesthood Sunday with a Solemn High Anniversary Mass at 11 a.m. and a reception at 7:30 p.m.

The Rev. Fr. Hans will be the celebrant at the anniversary mass, and the sermon will be delivered by the Rt. Rev. Francis Schwendeman of Columbus. The men's choir will be directed by Mrs. Eugene Drexel, with Mrs. Robert Fabian at the organ. The Fourth Degree Knights of Columbus will be the Guard of Honor.

Following the mass in the morning, the Rev. Fr. Hans and his visiting relatives and clergy will be served a dinner by the Rosary-Altar society in the school social hall.

The Rev. Fr. Hans' 87-year-old mother, Mrs. Elizabeth Hans of Mansfield, and his eight brothers and sisters will be here for the observance.

A native of Mansfield, the Rev. Fr. Hans completed grade and two years of high school at St. Peters, Mansfield in 1922. He then went to St. Joseph's College at Collegeville, Ind., and was graduated in 1927. Later he had two years at St. Gregory's preparatory Seminary at Cincinnati, and then four years of theology at St. Mary's Seminary at Norwood.

He was ordained in Queen of the Most Holy Rosary Cathedral at Toledo, June 10, 1933 by Bishop Carl J. Alter who is now archbishop of Cincinnati. After serving as assistant pastor at two parishes in Toledo, he joined the Armed Forces on May 19, 1942, and served as a chaplain. He was overseas two years. Before coming to Galion, March 25, 1953, the Rev. Fr. Hans served as assistant pastor in Toledo and Monroeville.

Firm Develops Anti-Gravity Motor

GI Is Made 'Superman' By Portable Rocket Unit

DENVILLE, N.J. (AP)—Development of a portable rocket unit allowing a man to run with the speed of a racehorse and jump extraordinary heights was described here Wednesday.

Reaction Motors, manufacturer of rocket fuels for missiles and aircraft, said it has run successful tests on a unit strapped to a man' body. The unit provides enough thrust to partially overcome the pull of gravity and give a man a degree of weightlessness.

The device will increase the mobility of troops in battle, a Reaction Motors spokesman said, and the Army is "very much enthusiastic."

Perhaps significantly, the motor was conceived by an ex-GI—Alexander H. Bohr, a onetime Army technical sergeant, now an engineer for Reaction Motors.

Robert Mayer, supervisor of public information for the firm, said the rocket is not a flying machine. By reducing the effect of gravity on a man, the rocket allows him to make better use of his muscles.

"He can run faster, can jump across rivers, scales walls and cliffs, jump extraordinary heights, and not be tired when he gets there," Mayer said.

Mayer pleaded patent secrecy in releasing only sketchy details of the device. He said no photos are available. Several other companies are working on the idea.

Several versions of the small motor have been tried out at Reaction Motor's test grounds at Lake Denmark, about seven miles from the main plant in this northwest New Jersey community.

"One of our engineers ran at superhuman speed," Mayer said. "According to calculations, the unit permitted him to go as fast as a good thoroughbred racehorse."

Brief Case Loaded

PROVDENCE, R. I. (AP) — James Dwyer found a brief case in the bus he operates. In it were $40 in cash and bank books with deposits totaling $70,000. One of the books showed $50,000 was deposited last month. The owner, a woman, claimed it, gave Dwyer $10. Her name was not disclosed.

Coast Guard Stops Pacifists' Ketch, Navigator Is Arrested

HONOLULU (AP) — Coast Guardsmen stopped pacifists from sailing the ketch Golden Rule toward the Atomic Energy Commission's test area again Wednesday. — this time on the high seas.

Albert Smith Bigelow, Cos Cob, Conn., the Golden Rule's skipper, was arrested before the ketch sailed on a charge that he conspired to violate a federal court injunction against the sailing.

William Huntington, St. James, Long Island, N.Y., returned to Honolulu, providing a navigator just in time to get the 30-foot vessel under way.

George Willoughby, Blackwood Terrace, N.J., one of the crew, said the ketch was well outside the three-mile territorial limit when the Coast Guard caught up. Huntington was arrested on the return to Honolulu.

A previous attempt to sail was made May 1. That resulted in Judge Jon Wiig finding the crew guilty of violating his injunction against the trip. He gave them suspended sentences and put them on probation for a year that time.

Other crewmen are Orion Sherwood, Poughkeepsie, N.Y., and James Peck, New York City. Bigelow, Huntington and Willoughby are Quakers. Sherwood is a Methodist. Peck says he is a nonreligious pacifist.

Purpose of the trip was to protest nuclear tests by the United States.

New York Stock Market

NEW YORK (AP) — The stock market backed away cautiously from its recent 1958 highs in moderately active trading early this afternoon.

Key stocks were mainly off fractions. Some losses went to around a point.

The market was consolidating its rise to new peaks for the year, market analysts said. Considerable switching from one stock to another was reported.

Expected continuation of present corporate income and excise tax rates and another drop in claims for jobless pay were some of the major news items behind the market.

Industrials retreated while rails were about even on average. Utilities, steels, oils and chemicals lost ground.

Lorillard and American Tobacco, both a bit higher in early trading, erased their gains.

Youngstown Sheet, which moves more widely than other major steels, dropped more than a point. U.S. Steel and Bethlehem lost fractions.

Missouri - Kansas - Texas preferred was up about two.

American Cyanamid, Goodrich, Allied Chemical and Standard Oil (New Jersey) were off about a point each. Caterpillar was about a point to the good.

U.S. government bonds rose.

Guy Spent $141 in Bid For Office, Osborn $30

William H. Guy, unsuccessful candidate for the Republican county commissioner nomination last month, listed his campaign expenses for the primary election as $141.52 in a statement filed Wednesday with the Marion County Board of Elections. He listed no contributions.

Charles R. Osborn Democartic candidate for state representative, filed a statement last week listing expenditures at $30.05 and a $50 contribution from the United Steel Workers Union, Local 1947.

Board of election officials said this morning that all but four candidates have filed statements. Deadline for filing the statements is 4 p.m. on June 20. Under a recently enacted law, any candidate failing to file a statement of expenses and receipts will be barred from seeking office for five years.

Galion

Miss Carolyn Ann Bodley, daughter of Mr. and Mrs. Herbert Bodley of Duluth, Minn., became the bride of Daniel F. Johnson, son of Mr. and Mrs. Martin Johnson of Sioux Falls, S.D., last Saturday, May 31. The wedding took place in the Chapel of First Methodist Church at Sioux Falls. The Rev. Henry Lewis, pastor of the church officiated. A program of nuptial selections by the church organist, Mrs. Rodney Gist, preceded the vows.

The bride's grandparents are Mr. and Mrs. H. L. Bodley of W. Church St., Galion.

Miss Margaret Bodley was her sister's only attendant.

A brother of the bride, Daniel Bodley, and a brother of the bridegroom, Thane Johnson, were ushers.

In the fall the bride will be a senior at the State University of South Dakota and her husband will be enrolled at the university's medical school. The couple will reside at 214 Cherry St., Vermillion, S. D.

—:—

On the same night she was graduated from Galion High School, Miss Mary Susie Mayfield became a bride. She exchanged rings with Daniel Layton Bryant in the Calvary Missionary Baptist Church at Crestline. The ceremony was performed by the Rev. Elwood Hensley following commencement exercises, Wednesday evening, May 28.

Miss Mayfield is the daughter of Mr. and Mrs. Henry Mayfield of near Galion, and Mr. Bryant's parents are Mr. and Mrs. Walter Bryant of Crestline.

Mrs. Charles Bryant, sister-in-law of the bridegroom, and Herman Whitman, uncle of the bride, attended the couple.

The couple is now residing in a trailer home on Park Ave. here following a short wedding trip to Kentucky.

The former Miss Mayfield is employed at the G. C. Murphy Store, and Mr. Bryant is employed by the Gledhill Road Machine Co. here.

—:—

Following their wedding of Thursday evening, May 29, Mr. and Mrs. Ronald Ramsey are at home to their friends at 134 Harding Way E. Mrs. Ramsey is the former Miss Christa Nornavious, daughter of Mr. and Mrs. Carlos Nornavious of Fairview Rd., Galion, Mr. Ramsey's parents are Mr. and Mrs. Thomas Ramsey of E. Parson St., Galion.

The double ring service was read by the Rev. Raymond L. Butler of St. Mark Methodist Church at 7:30 p.m. in the Church of the Nazarene.

Miss Barbara Ramsey, sister of the bridegroom, was the bride's only attendant. Mr. Ramsey had Robert Nickell as his best man.

The bride's parents received the wedding party, families and guests at their home following the nuptials.

Both Mr. Ramsey and his bride were graduated from Galion High School. She is employed at the Woolworth Store, and he is working at the North Electric Co.

—:—

Gene Keener, executive secretary of the Galion Chamber of Commerce, was speaker for the regular meetings of the Galion Lions' club and the Kiwanis club. Tuesday. HOW DO YOU MAKE SUCH A *Wonderful Dip?*

BUCKEYE PARTY DIP

1 8-oz. piece Eckrich Braunschweiger
2 3-oz. packages cream cheese
1 tbsp. Worcestershire sauce
½ tsp. salt
2 tsp. chopped parsley
3 tbsp. butter or margarine
½ small onion, chopped
3 tbsp. canned mushrooms, chopped

Have Eckrich Braunschweiger and cream cheese at room temperature. Put braunschweiger and cream cheese in small bowl of electric mixer, then add Worcestershire sauce, salt and chopped parsley. Melt butter or margarine in skillet, and add onion and mushrooms. Cover and cook over low heat for 5 minutes. Add onions and mushrooms to braunschweiger-cream cheese mixture, then turn mixer to lowest speed. Gradually increase speed to medium, and beat dip until it's light and very fluffy. Heap in a bowl, and serve with potato chips or crisp crackers. Makes approximately 1¾ cups of dip.

WINS COMMISSION. Janet Marshall (right) made Air Force history Wednesday when she became the first woman to be commissioned a second lieutenant in WAF (Women of the Air Force) under the new ROTC program. Janet, from Honolulu, T.H., is shown shortly after receiving her commission at George Washington University in Washington. In accordance with tradition, Sgt. Gerald C. Purcell of Superior, Neb. (left), will get a dollar from Lt. Marshall by virtue of being the first enlisted man to salute her. Behind his back he holds other bills acquired by saluting new officers. (UPI Telephoto)

First of $20 Million Worth

Bid Opening Date Set For Ohio Road Projects

COLUMBUS, Ohio (AP) — The Ohio Department of Highways will open bids June 24 for the first two federal projects designed to help relieve unemployment during the recession.

In all, bids will be opened for road projects worth about 20 million dollars, including the cost of right-of-way land. Major projects include two more sections of the North-South Freeway (Ohio 1) and another section of the Cincinnati-Dayton six-lane freeway, U. S. 25.

The recession projects call for widening and resurfacing more than 12 miles of U. S. 24 in Henry and Lucas counties, to be finished Aug. 31, and improving about one mile of U. S. 224, in Medina County, including a grade separation with the Baltimore & Ohio Railroad. That project is to be finished by Sept. 30.

U.S. Pays Two-Thirds

The federal government will pay two-thirds of the cost of each project from money made available recently.

One Ohio 1 project is south of Ashtabula and includes a grade separation with the New York Central Railroad. It will cost about 4 million dollars and is to be finished Sept. 30, 1959.

The other is in Lake County south of Painesville and will cost about 6 million dollars, mainly because of the number of bridges involved. It is to be finished Oct. 31, 1959.

The six-lane project on U. S. 25 is southeast of Hamilton and will cost about 5½ million dollars before it is finished July 31, 1960. The department plans to place all of the Cincinnati-Dayton Freeway under contract this year.

24 Projects Total $1 Million

After contracts are awarded for the June 24 bid-opening projects, the department will have placed projects totaling 175 million dollars under contract since the first of the year.

About one million dollars worth of resurfacing work will be offered in 24 projects in these counties: Allen, Putnam, Athens, Hocking, Coshocton, Fairfield, Hamilton, Holmes, Lawrence, Lorain, Madison, Union, Mahoning, Monroe and Morgan.

During July the department will open bids for 100 or more additional resurfacing projects.

Other major projects for which bids will be opened June 24 include:

Columbiana — Improving 3.3 miles of Ohio 164 in Wayne and Center Twps.

Scioto—Improving two-thirds of one mile of U.S. 52 in Portsmouth.

Allen—Improving one-third mile of Ohio 103 in Bluffton.

Mahoning — Improving nearly one mile of Ohio 90 in Poland Twp. and building bridges over Burgess Run.

Signed Order Required For Refuse Collection

Marion City refuse collection crews have been ordered not to enter private garages or basements to carry out garbage and refuse containers without specific written permission.

The order was issued by Safety-Service Director Howard W. Travis.

The written permission must be signed by the city garbage collection department customer and must be on file in the safety-service director's office, Mr. Travis said.

Reason for the order is that a number of complaints have been registered that city collection crews are gathering up items other than refuse and garbage, Mr. Travis said. He said that when the complaints are checked it usually is found the missing items have been taken by someone other than the city employes.

Travels for Degree

CLEVELAND (AP)—James P. Tompkins figured he had traveled 43,000 miles to get his Bachelor of Science degree from Case Institute of Technology. He started 11 years ago, part-time.

The 31-year-old student, who supports a wife and two children, lives in Elyria. The round trip to East Side campus is 66 miles.

About one out of four students who enter college drops out before the end of the freshman year, the U.S. Office of Education reports.

New Construction Up By 10 Per Cent in May

WASHINGTON (AP) — The government reported today that new construction activity last month totaled 4.1 billion dollars, a 10 per cent increase over April.

The commerce and labor departments said this preliminary estimate was in line with seasonal expectations.

For the first five months of this year the dollar volume of construction was estimated at 17.7 billion dollars, about the same as a year ago.

Private construction thus far in 1958 was about 1 per cent lower than a year ago. However, public construction jumped about 4 per cent during the same period, largely because of increased spending for highways and military housing.

Address Has Meaning To North Carolina Girl

GREENSBORO, N. C. (AP)—To an 18-year-old honor student graduating Wednesday night from Greensboro Senior High School, the words of City School Supt. Ben L. Smith had a special meaning.

He told the graduates to be ready to stand for what they thought was right, no matter what it cost them materially.

Then, with the others, Josephine Ophelia Boyd received her diploma.

She thus became the first Negro to graduate from an integrated public high school in North Carolina.

There were no incidents. The girl was the target of egg last fall in the first week of school.

Broadway Smash Rewards Backers

NEW YORK (AP) — Add "The Music Man" to the wry list of smash Broadway hits that had pre-opening financial troubles.

When the Meredith Willson musical comedy was in the planning stage, one of the potential backers approached was the Columbia Broadcasting System, which had gotten into show business by underwriting the cost of another great success, "My Fair Lady."

According to trade sources, however, network executives felt the new prospect was "too corny" to find boxoffice success.

Other backers put up the necessary $300,000 — and the heavy demand for tickets following rave notices makes it likely that the entire investment will be returned, after which the show can gross a capacity profit of $17,000 per week.

Grade School Teacher Gives Wrong Answer

LITTLE ROCK, Ark. (AP)—One of Miss Betty Benson's grade school pupils asked how to spell a word that he pronounced "sex."

Miss Benson was surprised but complied. Later she looked at the story the boy had written and saw tha it concluded: "I like turtles and in-sex." She explained to the young author how to spell "insects," but he thought the advice was needless. "I already knew how to spell 'in,' he told her. "I asked you how to spell 'sects.'"

Still Operated on Legal Basis, Helps Produce Atom Reactors

BOULDER, Colo. (AP) — There's a still in operation here that has nothing to fear from the Revenooers.

It's output is pure, but a far cry from pure mountain dew. This still is operated by the government's own National Bureau of Standards and its yield is heavy hydrogen.

Heavy hydrogen and oxygen produce the "heavy water" required by atomic reactors which use uranium as fuel. Someday stills such as this one may have the same importance in the production of atomic power as coal mines and oil refineries have in the age of fossil fuels.

Not Easily Separated

For every atom of heavy hydrogen found in nature, there are about 7,000 atoms of ordinary hydrogen. The two forms of hydrogen so far can't be easily separated.

Existing methods are slow and costly, but scientists at the Bureau of Standards Laboratory here are confident they can lick the problem by fractional distillation. It's the same method used to separate alcohol from water or gasoline from kerosene. The stuff is boiled in a still and the lighter stuff passes off first, leaving the heavier liquid behind.

With hydrogen, the big task is to get it super-chilled into liquid form. This is done by using liquid nitrogen which gets temperatures down to hundreds of degrees below zero where the hydrogen can be liquified mechanically.

The next problem is to get the liquid hydrogen to boil gently and smoothly so that the ordinary hydrogen will bubble away first leaving the heavy hydrogen behind.

Ordinary hydrogen boils at 422.9 degrees below zero while heavy hydrogen boils at 417.1 degrees below.

Working for 3 Years

Daniel H. Weitzel, laboratory leader on the project, said work has been going on for three years, "each still a little larger and more complicated in design than the one before." The equipment is now advancing from laboratory to pilot plant proportions.

The project has cost about $45,000 a year for the past three years.

Technical studies for the Boulder project are being made by Thomas M. Flynn, a chemical engineer doing graduate work at the University of Colorado for his doctor of philosophy degree. He is a science graduate of Rice University in Houston, Tex.

George Wallace and James Draper of the National Bureau of Standards are constructing the intricate apparatus.

The game, rummy, gets its name from the British word, "rum," which means odd or queer.

Martha Wheeler Dedicated to Rehabilitation Work

Head of Ohio Reformatory for Women Likes Post

By JOHN PASCAL

MARYSVILLE, Ohio (AP)—"No, I don't know all their names yet," says the new head of the Ohio Reformatory for Women of her 355 wards. But if you can somehow manage to keep up with her as she makes her daily rounds, you might find yourself wondering.

Along the gleaming corridors, in the recreation halls, in each small, tidy room, it's "hi, Ethel," or "hello, Mary, how's the sewing coming along?" Or maybe a smile or a quick, friendly wave of the hand. And whether she calls them by name or not, the girls respond with a smile of their own and a warm "afternoon ma'am," or "just fine, Miss Wheeler."

—:—

FOR ENERGETIC, 37-year-old Martha Wheeler, now rounding out two months as superintendent of the sprawling 258-acre women's reformatory, it's just one more way of letting the inmates know she thinks of them as troubled human beings, not as society's outcasts.

A bachelor's degree in social administration, and later a law degree from Ohio State University, plus a decade and a half of work at womens' reformatories in the east, have helped shape Miss Wheeler's thinking along the lines of most modern penologists.

"We can't operate our institutions on a purely custodial basis," she says. "We can't lock a person up for two or three years or longer with nothing more than punishment as our goal. We have to train them and prepare them for their return to normal social life as useful, productive citizens."

In the public's mind, the inmate of a reformatory or prison still presents the image of an evil person, "a person who has deliberately chosen crime as his or her way of life," says Miss Wheeler.

"I don't think anything can be farther from the truth. The great majority of inmates, both men and women, are people who for most of their lives have had a pretty rough go of it and who somehow, on some occasion, find themselves backed into a corner. Their only instinct is to lash out. They see no other course. Inevitably, they get in trouble.

"Well, it's our job to make the girls understand they didn't have to do it their way; that there was an alternate course open to them that is acceptable to society. We have to find out why they did wrong, and then make them see why, so that they can avoid the same mistake in the future."

—:—

THE MARYSVILLE reformatory and similar institutions are doing the best they can, says Miss Wheeler, but here, as elsewhere, she added, a big problem is financing.

The reformatory has a staff of 84, including 35 or so matrons, hired farm help, plumbers, carpenters, custodial engineers, nurses, a part-time doctor and a part-time dentist.

"But we need at least one psychologist," says Miss Wheeler, "and a social case worker, and at least one trained teacher and some one trained in recreational supervision. We'd like someone to take over our music program and our library. We'd like a diagnostic center, more people to conduct group conferences, more counselors. They are needed not only here but in most institutions if the institutions hope to solve human problems. We have a double obligation to help these inmates. We owe it to the community and we owe it to the girls themselves."

—:—

MISS WHEELER took over as head officer of the reformatory April 1, succeeding Mrs. Marguerite Reilly, who retired after 21 years in the post.

What drew her into a career of penology?

"I more or less grew up with it," she relates. "When I was eight my parents took over the operation of the Madison Home, an institution in Madison, Ohio, for elderly wives, widows and mothers of war veterans. I lived with them and came to understand them as human beings with very human problems."

Following her graduation from law school, Miss Wheeler worked at the New Jersey State Reformatory for Women at Clinton, N. J., and then spent eight years in a variety of administrative posts at the New York State Reformatory and Prison for Women at Bedford Hills, N. Y. She was serving as guidance supervisor there when her appointment to the Ohio reformatory was announced March 15.

—:—

MISS WHEELER admits she's still feeling her way along in her new job, but staff members and inmates alike, by their openness with her and by the extra little courtesies they extend her, indicate they like and admire her. They respect her for the solid, formidable workmanship she brings to her job, but they like her for the human touch, the occasional gesture or understanding.

An example:

After a day that starts at 6:15 a. m. and includes seven and a half hours on the job, either in the fields, or in the laundry, or the kitchen, it's back to their rooms for all inmates at 8 p. m. Except Saturday. On Saturday nights, Miss Wheeler lets them stay up until 8:30.

"They're crazy," she says, "about the Perry Mason show."

Retired Woman Sea Captain, 86, Turns Attention to Space

DENVER (AP) — Denver's great-grandmother sea captain is cultivating a new hobby — space.

Capt. Mary Converse, the only woman in the nation licensed to command craft of any size on the high seas, says she has been struck by moon madness — at 86.

Space is no stranger to Capt. Mary. She taught astral navigation to more than 2,500 Navy, Coast Guard and Merchant Marine students during World War II. The school room was in her Denver home.

Now it's rockets. She is a member of the research association of the High Altitude Observatory of the University of Colorado, working in the International Geophysical Year program. Her interest at present is research on the ionosphere.

In between IGY articles, Capt. Converse is working on her autobiography — but she admits it's pretty slow going with her other interests. In fact, she said, she hasn't been able to get past 1910.

Capt. Converse was born Mary Parker in Walden, Mass. Her husband, Harry E. Converse, was a wealthy Boston shoe manufacturer and yachtsman. He died in 1921 and Mrs. Converse moved to Denver four years later.

When she was 67, Capt. Converse again turned to navigation and won her master's papers. Her license was renewed for five years after examination in 1955.

She spends much of her time now with a son Elisha in Camarillo, Calif. Two other sons live in Massachusetts, Parker in Marion, and Roger W. in Boston. A daughter, Mrs. John Butler lives in Winnetka, Ill. Capt. Converse's 47th great-grandchild arrived recently.

Capt. Converse grants that she may have slowed down a bit.

"I haven't played tennis since I was 80," she said.

Theater Group's Book Helps Solve Problems

NEW YORK (AP) — The special problems of priscenium theaters, from acoustics to walls, are analyzed in a how-to-do-it booklet just prepared by the Greater New York Chapter of the American National Theatre and Academy.

The group's board of standards expects to issue a series of books with the aim of encouraging "the better planning of new professional theaters." Docketed on the agenda are volumes concerned with theater-in-the-round and the growing open - stage movement which is modelled on the showmanship format of Shakespeare's day.

HAPPENS EVERY SPRING

BOISE, Ida. (AP)—Warden L. E. Clapp says the population of the Idaho state penitentiary shows a marked decline every spring and summer. The reason, he explains, is that paroles are given only to prisoners when they have an outside job waiting for them and more jobs are available in the spring and summer months.

Husband Sews Wife's Dresses

JACKSONVILLE, Fa. (AP)—Mrs. Shirley Ramsey doesn't worry about her clothes — her husband makes all of them.

He turns out chiffons, satins and beaded gowns at what he estimates is a $75 savings. He's been designing and making the dresses for nine years.

George Ramsey majored in fine arts at the University of New Mexico. He formerly was a technical director of the Little Theater here and now is a free lance commercial artist, designer of floral arrangements and fashion coordinator at fashion shows and stage productions.

He does his sewing as three young Ramseys and two puppies romp through the house.

Mrs. Ramsey is 5 feet 6 and has no figure problems, he says. Sometimes he creates a dress on paper; sometimes as he goes along. At times he fits it as he makes it; at other times he sews from a pattern.

"Any man familiar with construction fields, interior decorating, color, line and detail should be able to sew," he says.

He not only makes his wife's clothes — he made all the furniture in their home, also.

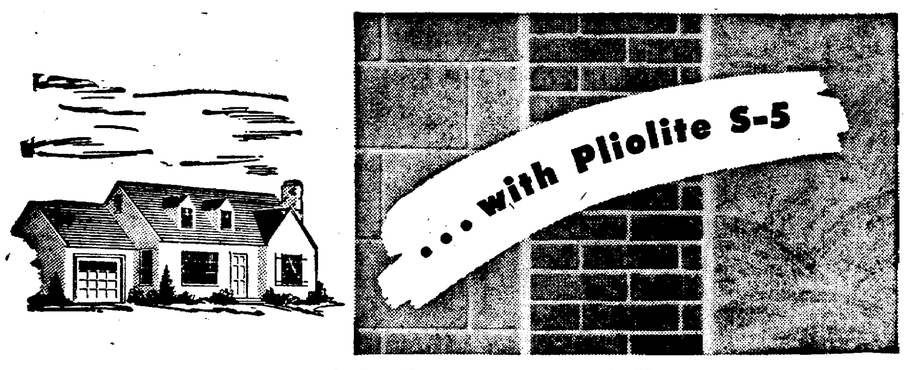
New Dean & Barry MASONRY PAINT
stops peeling, blistering, fading



new paint jobs last up to 5 full years
Here's dollar-saving news for home owners plagued with the problem of keeping paint on stucco, concrete, cinder block, asbestos-cement shingles, brick, stone — even basement walls.
New Dean & Barry Colonial masonry paint made with Goodyear's Pliolite S-5 keeps homes looking their attractive best up to 5 full years. Pliolite S-5 is the synthetic rubber resin that allows masonry surfaces to actually breathe. Inside vapors, the big cause of blistering and peeling, can get out—but rain and weather can't get in. Neither dampness nor alkalies can hurt it. Beautiful non-fading colors. One coat usually does the job. One gallon covers up to 300 sq. ft. for extra economy. See us for the Dean & Barry masonry paint that lasts and lasts—or have your painter decorator come in. Do it soon.

Radio and Television

By MARIE TORRE

News, Views and Boos

These are wishful times at George Burns' Hollywood stronghold.

A quintet of actors made a bid to get along on TV without the retiring Gracie Allen, but so far their efforts have met with the usual TV quibbling — "It's just fine," say the TV buyers who've viewed the filmed sampling of the new Burns show, "but where can we put it?" Thus, the hopes of all five—Burns, his son Ronnie, Bea Benadaret, Harry von Zell and Larry Keating—to survive on television without Gracie's simon-pure comedy support are dwindling with each passing week, as the fall schedules approach SRO status.

Marie Torre

What'll Burns do? He recently answered that with candor: "Who knows? I'm certainly in no mood to quit as a performer. As I say in the opening of my pilot film, 'I'm too old to retire.' And yet, if we don't get good reaction to the film, my heart wouldn't be in it either.

"Maybe I don't know how to get on stage, but I know how to get off. I'll just have to be content with playing the 'comedian' at parties."

The last "Climax" show, a thing called "Push-Button Giant" which overlooked none of the cliches, stopped us from shedding tears over the series' cancellation. . . .

Hearing the call to Broadway, Hildegarde (the one and only) postponed her projected "around the world" TV series to begin rehearsals for "Packaged in Paris." Broadway, Hildegarde hopes, will enhance her TV prospects. Her ambitions are directed at daytime television—more specifically, "I want to be a female Arthur Godfrey." . . .

-:-

THE ONLY definite news to come out of the rumors of a Lever Bros.-sponsored Jackie Gleason show is that the round one is willing, at last, to return to television work. . . .

TV is up to its old tricks in "Opening Night," an alternate-week Saturday night series to be hosted by Arlene Dahl beginning June 14. The title is a cover-up for a batch of half-hour filmed dramas we've all seen before, including Hugh O'Brian in "Ringside Seat" and Linda Darnell in "Fate Travels Fast."

On the theory that Americans are as grossly misinformed about Russia as Russians are about America, NBC Moscow correspondent Irving R. Levine will offer a three-part primer on Russia on "Nightline" (radio) June 10, 11 and 12. Among other things, Levine will comment on the frequently heard tourist remark that the Russian people "look happy." . . .

CBS welcomes "Ply Your Hunch" to the daily morning lineup June 30, when contestants will be called on to answer questions by employing their powers of intuition. Sounds like a poor man's "ESP" (Extrasensory Perception).

-:-

A RECENT ARRIVAL on the New York scene is Bronco Billy Anderson, first of the movie cowboys ("The Great Train Robbery"), who helped "Wide Wide World" tell the story of "evolution of the Western" last Sunday.

Mr. Anderson obviously takes a dim view of complaints about the flood of westerns on TV. His own sagebrush thoughts on the matter are:

'The Western on TV is like 'Ol' Man River'—it'll keep going on forever. The Western is outstanding because the dramatic shows, such as 'Playhouse 90' and 'Studio One,' are too heavy. They have beautifully dressed people and gorgeous rooms—places you know the average Joe never could afford.

"They're for people who eat chicken under glass. I used to watch the dramatic shows. But not any more. I see they're being replaced by Milton Berle and Westerns—entertainment for people who eat corn beef and cabbage."

Don't look at us. That's what the man said.

-:-

UNLESS a children's following is sought, NBC really ought to change the title of "The Wheaties Sports Page," to be conducted by Bud Palmer before the "Major League Baseball" telecasts. Can you imagine a grown-up man saying he's going to look at "The Wheaties Sports Page"! . . . .

Spike Jones and his vocalist-wife, Helen Grayco, have taken over "Club Oasis" for the summer. . . .

Fear not if your children watch horror films on TV. The latest from psychologists is that horror films are good for teen-agers, providing adolescent therapy.

Stage Hands Encounter Heating Unit Problems

NEW YORK (AP)—Putting on the heat backstage during a spell of late spring chill caused problems at two Broadway shows.

An actor in "The Dark at the Top of the Stairs" brought firemen running when he lit a fire in a dressing room wash basin that sent smoke wafting through the wings.

At "Sunrise at Campobello," the management sent over some electric heaters. It seemed a fine idea until one was plugged in—and blew a fuse. The warmers operated only on alternating current, and the theater has direct current.

Most paper used for U.S. bank notes and bonds is produced in Dalton, Mass.

TV Highlights

TONIGHT

7:30, WBNS, Badge 714; Friday is assigned to clean up a string of drugstore holdups in which both money and narcotics have been taken.

8, WBNS, Sea Hunt: Gathering museum specimens in the coastal waters off lower California, Nelson learns of a derelict mine which has drifted into the harbor of a nearby town. The town's principal industry, a nitrate factory, will blow up and destroy the city if the mine explodes.

8:30, WLW-C, Dragnet: Investigating a missing person's report, Sgt. Friday and Officer Smith stumble onto a bizarre murder case.

8:30, WTVN, The Real McCoys: Grandpa McCoy rallies to the defense of his granddaughter, Hassie, when she comes home from school in tears, in "The Homely Boy."

8:30, WBNS, Climax: Fernando Lamas, Rita Moreno and Shai K. Ophir co-star in "Spider Web." The drama tells of events that involve a wealthy Texas cattleman in the break-up of an international narcotics ring. He makes a quick business trip to a Mexican border town and the simple journey becomes a nightmare of intrigue and violence when he accidentally discovers a smuggling operation.

9, WTVN, Pat Boone Show: Gary Crosby and comedian Jack Carter will be guests.

9:30, WLW-C, Ford Show: Teresa Brewer is guest of Tennessee Ernie Ford.

9:30, WTVN, Navy Log: The true drama of a U.S. Coast Guardsman's encounter with a party of World War II German saboteurs on a lonely Massachusetts beach in 1942 is told in "The Beach Pounders."

9:30, WBNS, Playhouse 90: Hope Lange, John Ericson, Buster Keaton, Hope Emerson and Dennis King star in "The Innocent Sleep." Having spent 10 of her best years caring for her sick father, Alex Winter, played by Hope Lange, wishes, in a moment of bitterness, that he were dead. After his death, a sense of guilt follows Alex through a loveless marriage to an older man—until a man her own age changes the course of tragic events.

Actress Awarded Interest in Show

NEW YORK (AP) — A performer doesn't always have to act in a Broadway hit to share its financial success.

Mildred Dunnock first called the script of "Look Homeward, Angel" to the attention of Producer Kermit Bloomgarden because she thought there might be a part in it for her.

Bloomgarden immediately decided he would bring it to the stage. Instead of casting Miss Dunnock in it, however, he gave her a 2½ per cent inerest in the ownership of the production.

Arizona Resident Finds Home Is Safest Location

FLAGSTAFF, Ariz. (AP)—Joseph P. Lipinski Jr. of Flagstaff figures the best place for him is home in bed.

While fishing in the Gulf of California his boat capsized 15 miles off shore. He was rescued after several hours in the water.

Nine days later he was overcome by fumes while applying an enameled cement wall finish in a shower room at Arizona State College at Flagstaff. A school employe found him unconscious. He was pulled to safety.

The Sphinx, which looks out over the Valley of the Nile in Egypt, is 240 feet long and 66 feet high.

Chooses Cabin on Duck Island

Dulles Prefers To Relax At Lake Ontario Retreat

NEW YORK (AP) — Relaxing from the cares of state, John Foster Dulles squeezes lemon juice for his wife, washes and dries the breakfast dishes and splits small wood.

This glimpse of the secretary of state on vacation comes from a log of their latest trip to their cabin on Duck Island in Lake Ontario.

The diary "By Janet and Foster Dulles" was published Wednesday in a copyrighted story in the New York Herald Tribune.

Dulles generally gets up at 7 a.m. and starts an open fire going. The lemon squeezing done, his wife gets up, and, if the water is warm enough, she swims.

Breakfast is consumed leisurely in an hour. After Dulles washes and dries the dishes, he dumps the garbage and contents of wastepaper baskets; hauls water, splits small wood, and brings logs and the wood into the cabin for the day's fires.

There is no luncheon at Duck Island. Most of the day, the log reports, the Dulleses spend considerable time and effort keeping themselves living comfortably.

In the early spring and fall, the hours from 10:30 to 4:30 are spent in walks, looking for deer, birds and flowers. Maples are tapped for syrup and dead trees cut down, sawed and chipped, in the spring.

Summer means fishing, sailing and canoeing. Berries are picked according to season.

On rainy days, Dulles often works on speeches and his wife types for him.

The dinner meal is quite elaborate and carefully thought out. It is cooked largely over an open fire and follows cocktails and hors d'oeuvres — outdoors if weather permits.

A typical dinner includes hickory nuts from the island; raw carrots and celery; tinned lobster, steak, chicken or veal cutlets; or pate de foie gras; soup or fish and meat, generally chops, beefsteak, chicken or veal cutlets; and two green vegetables; and potatoes or rice.

That's not all. Pie or homemade pudding follow, salad with French dressing in warm weather; and cheese with pie or, usually, with cognac.

Then, after a walk or canoeing if weather permits, the day closes at 9 p.m. with Mrs. Dulles reading aloud some book of travel or adventure.

Novel by TV Comedian To Be Made Into Play

NEW YORK (AP)—Carl Reiner, TV actor and chief comic aide of Sid Caesar, is providing the plot for an upcoming Broadway show.

Stage rights to Reiner's novel "Enter Laughing," have been obtained by David Merrick, one of the Main Stem's busiest producers. The dramatization is to be done by Joseph Stein and Will Glickman.

The story concerns the trials and tribulations of a stage struck youth of 17.

Paris Play To Receive Full Test on Broadway

NEW YORK (AP)—One of France's most-discussed new plays, "The Egg," is finally bound for Broadway.

A two-year hit in Paris, the satiric comedy is to be presented here next fall by Alexander S. Ince.

The drama by Felicien Marceau concerns a little clerk who finds life suddenly complex after penetrating the secret of the egg, which is the playwright's symbol for the mysterious, hostile world.

Christopher Fry Wins $2,500 Freedom Award

NEW YORK (AP)—The first of four annual $2,500 awards "for the best play that records and affirms the unquenchable thirst of the human spirit for freedom" has been won by Christopher Fry, author of "The Firstborn."

The prize is given by the Theater Guild Foundation under a grant established by Theresa Helburn, one of the Guild's directors, in commemoration of the 1956 freedom revolt in Hungary.

The newly-opened Hall of North American Forests at The American Museum of Natural History in New York City reproduces life-sized exhibits from the forests in ten states.

1-A—CARD OF THANKS

JEAN and I wish to thank our many friends who helped us while I was in the hospital and during my illness. Also our many friends who wish to remain anonymous. We especially want to thank the Chippewa Tribe No. 30 of the Improved Order of Redmen, members of the Pocahontas, Minnetonka Council 24, the employes of the Whirlpool Corp. Everything was greatly appreciated. Again we say many, many thanks.
Vaughn and Jean Willey.

1-B—IN MEMORIAMS

IN LOVING memory of our darling Joan Frasure, who left us seven years ago today, June 5, 1951.
We tell our lonely and aching hearts,
That your leaving us was for the best,
That only God, our great physician,
Could ease your pain and give you rest,
But the lonely hours without you, Joan,
Are too empty to be measured.
We wish a thousand times each day,
For our sweet little girl, who was such a treasure.
Sadly missed by parents:
Mr. and Mrs. Kenneth Frasure
Sisters Janet and Joyce Frasure
Brothers, Robert and John Frasure.

ROLLING BALLS DON'T HAVE BRAKES!

Remember the old saying "A rolling ball is always followed by a running child"?

Bouncing out from behind a parked car, the ball has no brakes, and the chances are, the running child won't think about using his. That leaves it up to you.

When you see the ball, let it serve as your warning. The child will be only a split second behind, but for the alert driver, that split second can be enough to avert a tragedy.

School it out. Please take it easy. Watch for the rolling ball and be ready to use your brakes.

We the Sponsors Will Feel Well Repaid If This Reminder Prevents the Injury or Death of A Single Child!

Meany To Lose U.N. Post

White House Discards Diplomacy for Politics

By VICTOR RIESEL

Without an early warning radar system of his own, President Eisenhower never can hope to search out and wipe out all those behind-the-scenes White House feuds which inevitably break into the open and do such harm to this nation's global public relations.

VICTOR RIESEL

During the past three weeks one such duel has been fought between Secretary of State John Foster Dulles and White House political strategists. It's a battle over Mr. Labor himself, AFL-CIO president George Meany. White House politicos want to fire Mr. Meany from the U.S. Delegation to the United Nations. Mr. Dulles does not. Neither does our U.N. Ambassador, Henry Cabot Lodge.

Mr. Meany is the only Western labor chief now active in world diplomatic circles. His appointment to the U.N. by a Republican president was nailed — and I used that corny word advisedly — by leaders of millions of free working men throughout the world. Some of these men are in unions which keep our vital life — food and fuel — lines and atomic bases in working order across Europe, Asia and Africa.

—:—

IN A SERIES of fiery talks in and out of the U.N., Mr. Meany has hit the Russians harder than any other single man. They loathe him for this, for no matter how they attack him, he is the leader and spokesman of 14 million American working people. Soviet propagandists have a hard time trying to pin a "capitalist plot" label on Meany.

In the past, the Russians were the only world force which used the tactic of naming their highest labor chiefs to diplomatic posts. Such a man is V. V. Kuznetsov, the former tool hand at Ford Motor Co. and Jones and Laughlin Steel Corp. Comrade Kuznetsov, who worked in this land before he returned to Russia to head their labor federation, now is first deputy foreign minister.

He has been in the U.S. pouring tea and sympathetic words at the Soviet Embassy for some labor leaders in an effort to get them to agree to exchange U.S. and U.S.S.R. labor delegations. This would be a great propaganda victory for Comrade Kuznetsov. But Mr. Meany has blocked this effort.

Thus it was expected that there would be little more than routine approval for Meany's reappointment to the U.N. delegation for the fall sessions of the General Assembly. Some weeks ago, the State Department sent to the White House its list of names — including George Meany.

—:—

WHEN THE LIST returned to the State Department Meany's name was missing. Emissaries of Dulles and Lodge asked why. They were told that it was hardly good political strategy to appoint a man who would be a tough opponent in coming elections. Reports are that Henry Cabot Lodge spoke to more than himself and in un-Bostonian language.

From the State Department's viewpoint there could not have been a more poorly chosen moment for cutting Meany from the delegation.

The leader of American labor soon will sail for Europe. There he first will go to Geneva for a meeting of all world labor, government and industry leaders at the International Labor Office. This is a global organization — and Communist nations are represented.

If Meany arrives shortly after being dropped from the U.N. delegation, the Communists will pour it on — on President Eisenhower, that is. The Soviets will say that a "capitalist" government dumped Meany because he is a labor leader.

—:—

FROM GENEVA, Meany goes on to Brussels for the meeting of leaders of the free labor movement of the world — the men who head the International Confederation of Free Trade Unions. It speaks for over 70 million workers. Removing Meany from the U.N. delegation will make the U.S. no friends in this vital group.

And their support is vital. Just how vital can be learned, for example, from a broadcast beamed in English from Moscow to the U.S. at 11:30 p.m. on May 20.

The short wave talk revealed that Moscow's own global federation of trade unions was scheduling a massive anti-American "Anti-Atom War Convention of Trade Unions and Working People of European Countries" in East Berlin for June 20. Its propaganda will be skillful. It can be countered effectively only by our own labor friends abroad.

They aren't exactly going to be whipped into a pro-American frenzy by the news that their friend and colleague, George Meany, is not considered good enough for our U.N. delegation.

CONSIDERATE MAYOR

STERLING, Colo. (AP) — Mayor James H. Walker, told of unauthorized use of city vehicles by city employes, had these thoughts for the offenders. "Maybe," he said, "we ought to take the City of Sterling signs off the sides of the trucks so as not to embarrass the drivers."
